Re New York airtel dated October 17, 1963; New York letter dated December 3, 1963 and Bureau letter to New York dated December 12, 1963.

There has been no known appearance in this Communist Party (CP) district of a membership questionnaire as described in New York airtel of October 17, 1963. Further, there has been no mention by Party leadership here of a current Party membership count.

Since there has been no meeting of the District Committee here for over a one half year period, it is expected that such a meeting will be held sometime in the near future, at which time it is felt these matters will be discussed.

Minneapolis confidential informants have been alerted and any information received by this office in this connection will be furnished to the Bureau and the New York Office.

Reference is now made to New York letter dated December 3, 1963. A careful analysis of material appearing therein has been made. From information set forth by dues denomination for the first ten months of 1963 it appears that there are at least 113 dues paying members in this District. (Under the membership category in the last quarterly report submitted by this office on the CP, USA, this office reported a total number of 147 Party members.)

It is pointed out that based on similar information received by anonymous sources in this division covering dues payments for 1960 and 1961 there are probably more CP members

than an analysis of this current information would indicate. A number of CP members do not pay dues for each of the 12 months in a year. For example, in the \$2 dues denomination category the information indicates there are 130 dues payments for the ten month period. If each of 13 members in this denomination faithfully paid their dues for each of the ten months there would be a total of 130 dues payments. If, for example, each only paid five of the ten months we would have a minimum of 26 members in the \$2 dues category.

It is known that [redacted] secretary of the Minnesota-Dakotas District of the CP, personally handles all Party financial transactions within this district. She comments on finances at all District Committee meetings and furnishes general financial reports at these times. She has stated she personally forwards "money to New York", however she fails to elaborate further in this respect. She regularly remarks she forwards monies to New York for this district's Worker fund quota and the Hall-Davis Defense Committee.

Exactly where in New York [redacted] forwards these funds is unknown. It is interesting to note that [redacted] recently reported in late November, 1963 that [redacted] CP, USA, sent a letter to [redacted] during November, 1963 which enclosed the following address:

[redacted]  
New York 11, New York

This source believes this is the address [redacted] is to use in her communications to the CP, USA.

The Bureau and the New York Office will be promptly advised of any positive information received in this office concerning matters discussed herein.

Re NY letter to Bureau, 12/3/63, and Bureau letter,  
12/12/63.

Re NY letter contained a compilation of membership data and dues payment units received for the years 1960-63, by the CPUSA, as prepared by [REDACTED]. This compilation of data, however, failed to state an estimate of membership for the NY District. It did, however, set forth a dues payment figure of 8,825 dues units received for the ten month period January through October, 1963, for an average of 882 dues payment units received per month.

b6  
b7C

There is no evidence the NY District has been utilizing the dues report form of the Party. It is felt that in order to arrive at the 8,825 dues payment unit total, the NY District utilized its receipt book for monies received by the District. These receipts show the total number of dues payment units making up the sum of money turned in by a particular club. There is, however, no way to determine if these dues payment units on the receipt reflect the total number of members paying dues or if the total reflected includes, for example, three, four, five, etc., payments by an individual.

It is felt that the 8,825 total and average of 882 dues payment units received presents an accurate picture of dues units being received by the New York District.

The New York District estimated membership, as set forth in the quarterly report of SA [REDACTED] 10/18/63, captioned, "CPUSA; NY DISTRICT; NY DIVISION; IS-C", was 1,362 members. This estimate was based primarily on information received from [REDACTED] coupled with that from other informants who are in a position to furnish accurate data.

b6  
b7C  
b7D

It is felt the estimate of 1,362 members presents an accurate figure as to the total membership strength of the New York District, while the 882 dues payment average presents an accurate description of dues payments although not necessarily of dues paying members.

Concerning recruitment, the membership data prepared by [REDACTED] reflects that in 1963, the NY District had recruited 27 members.

b6  
b7C

At a meeting of the NY District Board in October, BOB THOMPSON stressed the need for recruitment. He stressed how much the Party and the clubs have been hurt by the lack of recruitment, citing various reasons for this failure.

MARVIN MARKMAN broke in and stated 30 youth had been recruited into the Party. He gave the impression this had been done during the past 12 months, but did not state whether this was on a national or district level.

At a meeting of the NY District Committee in mid-October, BOB THOMPSON again stated a frank discussion must be held as to why the Party was not growing. He stated he felt all of the people in the Party were in a rut and were afraid to go out and meet new people.

At the 12/22/63 session of a meeting of the National Executive Committee, CPUSA, and invited guests, BILL ALBERTSON stated that since the October NEC meeting, 50 new members had been recruited into the NY District. Of these, twenty-five are Puerto Ricans and Cubans.

NY 100-128817

The New York Office has no information to substantiate the statements of MARV MARKMAN as to 30 youth being recruited or the statement of ALBERTSON as to 50 new members being recruited. In view of the informant coverage of the NY District, it is believed any such large scale increase in the Party's membership could not go unnoticed.

GEORGE LNU

LOU LNU

b6  
b7C

TORMEY called this group to order and [redacted] acted as Chairman of this meeting.

TORMEY stated that this was the initial meeting and the formation of the new Industrial Commission and its membership would total either 18 or 19 members. The membership of this commission was selected from each Caucus of an Industrial Club and in some instances perhaps more than one member of this commission would represent an Industrial Club or Caucus because of its size.

TORMEY stated that none of the members of this commission would be addressed by their last names and only first names are to be utilized at future meetings of this commission. If at any time, according to TORMEY, a member of this commission should appear before some Industrial Club Caucus, the members in attendance would be instructed that directives from this commission were made by the commission and no individual name would be given as the source of the directives coming from this commission. Also, TORMEY said no identity of any of the members of this Commission would be made known to any person not entitled to receive this information.

TORMEY stated that the Commission's work would consist of the forming of policy and directives to be taken to various caucuses of the Industrial Clubs and that these members of the various Industrial Clubs would follow these policies.

TORMEY has reorganized the Industrial Clubs in the various industries and it was felt his authority came from possibly BILL ALBERTSON although this was conjecture on the part of some of the members of this Commission.

Voting took place at this meeting wherein JAMES TORMEY said it had been recommended that he, TORMEY, be elected Chairman and this position was unanimous during the elections. IRVING LNU was elected Secretary of this Commission and AARON LNU was elected as Treasurer. It was stated two other officers of this Commission would be made and elections held. Possibly CHARLIE LNU and one other person would be elected to hold office in this Commission.

Food was served to those in attendance and each one donated \$1.00 to defray the expense.

The next meeting of this Industrial Commission is scheduled for 12/8/63, the place and time not as yet decided upon.

A discussion concerning the holding of future meetings on Saturday was held. It was decided by those in attendance that many members of the Commission who were present as well as those excused from the initial meeting would prefer to meet on a Sunday and once a month. This recommendation was voted upon and all those in attendance agreed to hold the future meetings on Sunday and at the present time once a month. The time and place would be decided upon in the future concerning the meeting of December 8, 1963, the members of this Industrial Commission would be notified in ample time for them to prepare to participate in the meeting.

In a conversation between TORMEY and MARTY LNU from Buffalo, it was stated that an individual from the Schenectady, NY area be brought in as a member of this Industrial Commission. No mention of this individual's name nor his occupation were discussed between TORMEY and MARTY, however, it was subsequently determined this individual is a member of an Electrical Union in the Schenectady area.

The organizational structure of this Industrial Commission is as follows: At the monthly meetings of this Commission, policies to be followed by the individual Industrial Clubs will be formulated and each member of this Commission will attend and furnish a report to the various Caucuses of the Industrial Clubs will be notified about the policies of the Industrial Commission. Each Commission member will report at the various Caucuses and a Club member of one of the Industrial Clubs will transmit the information given by the Commission member to his or her respective Industrial Club.

Re New York letter to Bureau, 12/3/63; aylet to Bureau, 12/11/63; and Aylet to New York, 12/12/63.

No membership questionnaire has been received by officials of the Montana CP District.

Butte airtel to Bureau and New York, 4/22/63, advised that Butte Informants on 4/22/63, received mimeographed "Dues Report" forms in an envelope with letter address of 3rd Floor, 23 W. 26th Street, New York 10, New York. Written in ink across the top of one form appeared "Can you use more of these." The original of this one form is available in this Office. It is identical to the form set out in New York letter to Bureau, 6/26/63, captioned "CP, USA - FUNDS."

Since their receipt in 4/63, the forms have been used by the Montana CP District in forwarding per capita dues to New York.

Members of the Montana CP District meet quarterly and dues are sent quarterly to [redacted] New York 25, New York, as described in referenced Butte letter to Bureau, 12/11/63. In 1963 dues have been sent as follows:

<u>Date</u>	<u>Amount</u>	<u>No. of Dues Payments</u>	<u>No. of Members</u>
4/63	\$9.75	30	12
7/63	\$16.25	44	13

Dues for the last quarter of 1963 have not been sent in to date.

For 1962, quarterly payments totaling \$48.00 for dues was sent in as contributions. The first two were mailed to the Citizens Committee for Constitutional Liberties; the latter two were mailed to the Hall Davis Defense Committee.

In 1961, dues were sent to the CP at 23 W. 26th Street, New York, New York, as follows:

<u>Date</u>	<u>Amount</u>	<u>No. of Dues Payments</u>	<u>No. of Members</u>
4/61	\$13.50	36	12
7/61	\$13.50	36	12
10/61	\$19.50	30	10
1/62	\$30.75	Not recorded	17

Comparing figures available in the files of the Butte Office with the figures set out in New York letter to Bureau, 12/8/63, indicates that [redacted] comments in his report on the CP dues situation that the present system is irregular and unorganized are very true.

The Buffalo Office has analyzed referenced  
New York let and the following is being noted:

Re New York let which in part sets forth the  
Communist Party memorandum captioned "Report on Dues

In regard to the national form being used by

Regarding the use by local Party units of cover addresses

(4) 5th-6th CD Club

During the quarter ending 12/31/63, the 5th-6th CD Clubs have been in the process of merging. [redacted] on 10/1/63 and [redacted] on 10/18/63 and 12/27/63, identified a total of 10 persons assigned to this club. Based on file review, three additional persons holding CP membership in 1963 were identified as residing in the area covered by this club. Three persons whose membership has been tentatively established also reside in this area and would logically be assigned to this club. (Membership 9/30/63: 5 positive, 3 tentative)

(5) Youth Club

Unchanged.

(6) Transport Workers Club

The best available current information indicates that [redacted] is now assigned to the Industrial Club rather than the Transport Workers Club, according to [redacted] on 12/27/63. (Membership 9/30/63: 3 positive, no tentative.)

(7) Industrial Club

[redacted] on 12/27/63, advised that [redacted] current CP members, comprise the Industrial Club. This informant tentatively identified [redacted] as a member of this club. [redacted] added that neither the Transport Workers Club, nor the Industrial Club held meetings, nor do members pay dues. Trade Union Club No. 3 was dissolved during 1963 and some of its members absorbed into community clubs. [redacted] also advised on 10/18/63 and 12/27/63 that indications are that some members of the Transport Workers Club and the Industrial Club will be transferred to community clubs, as both of these clubs are "paper" clubs only. There are no other shop or industrial clubs known to [redacted] or to other informants active in trade union work. The Industrial Club was not included in the membership breakdown as of 9/30/63 as it was not operating at that time.

(8) Professional Club

[redacted] Organization Secretary, CPEPD (carried as unassigned during quarter ending 9/30/63) is now a member of the Professional Club, according to [redacted] on 12/27/63. (Membership 9/30/63: 4 positive, no tentative.)

(10) York, Pa., Club

Unchanged.

(11) Unassigned

Most of the members carried as unassigned in the figures for the quarter ending 9/30/63, according to the best available information, are now assigned to the 5th-6th CD Club. (As of 9/30/63, 12 individuals were positively identified as unassigned; no tentative identifications.) As of 9/30/63, there was one member listed for Chester, Pa. This club is now defunct and the person comprising this club is no longer in the Party.

On 11/21/63, NY 1673-S\* furnished photographs of information in the possession of PHIL BART, National Organization Secretary, CPUSA. Among the information furnished by the source were photographs of a current CPUSA registration form for what is apparently the CPED. A portion of the material contained on the form is set forth below:

"E. Pa.

No. 5

(We would appreciate an immediate reply to the following questions. We recognize difficulty in giving exact answers, but would appreciate the approximate figures.)

1. How many members 129 - 132 ?
2. How many clubs? 

Community	6	
Industrial	1	Youth clubs - 3
Shop	2	Professional group 1
		National group 1
3. In how many cities and towns do we have Party organization? 3 counties -

It is noted that on the above form membership is estimated at 129-132. This indicates that the claimed membership by the CP in this area is approximately 20 more than the membership known to this office.

PH 100-32200

At a meeting of club secretaries, CPEPD, held 9/5/63 in Philadelphia, TOM HARRIS, Chairman, CPEPD, stated that as of that time there were 135 members within the CPEPD. PAUL BART, Co-ordinator of the Eastern and Western Pennsylvania Districts, was present at this affair which may have prompted an inflated approximation of membership on HARRIS's part. [redacted] 9/5/63). b7D

As of 5/15/63, [redacted] Organization Secretary, CPEPD, stated that the Party had a "effective" membership of approximately 80 members. She did not give any figure for the nominal or record membership. b6 b7C

Item No. 2 on the questionnaire asks for the number of clubs and contains the following answers:

Community - 5  
Industrial - 1  
Shop - 2  
Youth Clubs - 3  
National Group - 1  
Professional - 1"

"Youth Clubs, National Group, and Professional" are handwritten in on the form.

An analysis of known clubs operating within the CPEPD reflects the following which may be considered community clubs:

24th Ward Club  
Unity Club  
Southwest Club  
5th-6th CD Club  
Essex County Club  
York, Pa., Club

There is one Industrial club which meets rarely if at all, and one small "shop" club, namely the Transport Workers Club. Trade Union Club No. 3 was dissolved during 1963.

[redacted] who are cognizant of trade union activities generally and the existence of shop or industrial clubs, specifically advised, respectively, on 12/27/63 and 12/28/63, that the only shop club known to them is the Transport Workers Club. b7D

PH 100-32208

The questionnaire lists three Youth Clubs. Actually the one Youth Club in Philadelphia is broken down into three "working youth teams" for security purposes and for more effective operation.

There is no "National Group" club known to Philadelphia informants. Possibly the person executing the questionnaire (probably [redacted] Organizational Secretary, CPUSA), was referring to the American Committee for the Protection of Foreign Born and the CP members who have worked therein; however, the ACPFB is inactive in Philadelphia at the present time.

b6  
b7C

The questionnaire lists one professional club and it is noted that information concerning this club is contained on the chart of Philadelphia membership.

Question No. 3 asks, "In how many cities and towns do we have Party organization?" and "3 counties" is handwritten therein. Actually, four counties are involved, namely, Philadelphia County, which contains the bulk of CP members, Bucks County (Bucks County Club), and York and Lancaster Counties (York, Pa., Club), it being noted that two members of the York, Pa., Club are from the York, Pa., vicinity, while three members are from the Lancaster County area.

It is noted that New York letter to Bureau dated 12/3/63, listed an estimated membership for "E. Pa." (Eastern Pennsylvania) of 123 members. It would appear that this number was taken from the membership questionnaire set forth above.

b7D

By airtel 10/17/63 to Bureau and interested offices, New York advised that on 10/14/63 [redacted] furnished a copy of a membership questionnaire which was prepared at CPUSA Headquarters and was given to PHIL LANE for the purpose of distributing same to various district leaders at the NEC meeting. Thereafter the form was quoted. It is the identical form partially quoted above.

MARTY from Buffalo was not present at this meeting. It was determined that he, MARTY, was to have met [REDACTED] [REDACTED], however, some confusion arose regarding their meeting time and place and their meeting never materialized.

JAMES TORMEY was Chairman of this meeting. The only item on the agenda of this meeting was a report submitted by TORMEY concerning the AFL-CIO Convention which was held at the Americana Hotel in NY, NY. TORMEY reported to those in attendance at this Commission meeting that the main issues involved at the Convention was on automation and a shorter work week for workers who represented various unions throughout the U.S. TORMEY stated that the best speech was given by A. PHILIP RANDOLPH at the Convention, however, TORMEY thought it contained some weaknesses which he did not elaborate on at this meeting.

Each person in attendance at this Commission expressed their opinions and offered solutions to the question of unemployment because of automation and most were of the opinion that the solution to this problem would be a shorter work week. Others in attendance at this meeting differed and expressed their views as well as their solutions to the unemployment problem which exists in the US today.

There was a brief intermission for lunch which occurred at 1:00 p.m.

At the conclusion of the various discussions by those in attendance at the Commission meeting it was announced that the next meeting of this Commission will be held on 1/12/64 the time would be 10:00 a.m. to 5:00 p.m., however, the place was not disclosed.

It was announced that a forum would be given by GEORGE MORRIS on Wednesday, 12/11/63, in Manhattan, NY, at a restaurant which would accommodate 200 individuals and admission would be by invitation only. This forum to be given by MORRIS would concern his report to people in the various industries of labor on the AFL-CIO Convention which was recently held at the Americana Hotel in Manhattan, NY.

BUDED 2/4/64

At a recently held meeting of the Communist Party, USA (CPUSA), National Executive Committee (NEC), discussions included comments pertaining to a "renewal and reinvigoration campaign" by the Party. To start this campaign, Philip Bart, Organizational Secretary, CPUSA, called for a full-scale plan of work and proposed that in the first part of 1964 the Party's National Trade Union Commission and National Negro Commission meet separately in the Midwest.

Concerning recent Party recruiting activities, Bart announced that the recruitment of new members by the Communist Party (CP) in recent months exceeded many recruiting drives for the last several years. William Albertson, member of the National Committee, CPUSA, commented that subsequent to October, 1963, new members had been recruited by the Party in the New York District. [redacted] Organizational Secretary, Illinois CP District, advised that squads of Party members participated in a house-to-house canvass in Chicago, Illinois, for the dual purpose of obtaining subscriptions to "The Worker" and to talk to people. Contacts made during this canvass will be revisited in the near future according to West.

b6  
b7C

All offices should be extremely alert to any action taken which might indicate a revitalization of the Party's efforts to recruit new members. In addition, investigations in this matter conducted by those offices covering Party members should be most thorough utilizing inventiveness and sufficient aggressiveness to stay on top of this important Party operation.

Recipient offices should advise the Bureau and interested offices by 2/4/64 of information developed. If, as a result of a thorough check, no pertinent data was determined, you should so advise the Bureau.

Re Bureau letter to New York dated 12/12/63.

An analysis of the figures set forth in New York letter to Director dated December 3, 1963 was made in an effort to determine if the estimated CP membership of 104 in the Wis. district is fully accurate. In this regard, a comparison was made with the reported membership of the eastern Pennsylvania district. It is noted that eastern Pennsylvania reported an estimated membership of 129, which report covered the period through October 30, 1963. In computing these figures for ten months, assuming the dues are paid on a monthly basis, it is felt that approximately 70 members of the reported 129 are paying dues. In computing Wisconsin payments through July, 1963 on a seven month basis, it was determined that approximately 50 members of the Wisconsin CP district were paying dues, out of the estimated 104. From an analysis of these figures, it is felt that approximately 50 per cent of the members in the CP are dues paying members, which applies to the Milwaukee Office's estimated membership in the CP.

To date the Milwaukee Office has not developed or received any information indicating that the CPW is utilizing the membership questionnaire prepared by the CPUSA.

From a review of the "Report on Dues Situation," it is noted that Wisconsin submitted dues in January, June and July. Further, it is noted that the dues and records report for Wisconsin in 1963 was through the period July 30, 1963.

There has been no information received or developed which would indicate that the CPW has utilized a special dues address to submit dues payments to the National Office. However, in this regard [redacted] on 5/31/63 advised FRANK BLAIR, chairman, CPW, asked [redacted] CPW, if she remembered the money he gave to CLAUDE (LIGHTFOOT). FRANK

Subsequently, CG 5824-S\* on 7/29/63 advised that FRED BLAIR met with GUS HALL in Chicago, Ill. on 7/27/63 and turned over CP dues payments to HALL. On the same date HALL traveled from Chicago, Ill. to New York City, at which time he carried two cash dues payments from the CP of unknown amounts. One of those two payments had been turned over a number of months ago to CLAUDE LIGHTFOOT for transmission to the CP National Office on behalf of the CP, but LIGHTFOOT had failed to do this. Therefore, LIGHTFOOT turned over to HALL the dues payments for transmission to the CP National Office.

It is felt that the Wisconsin dues and recruiting report covering the period through 7/30/63 was probably turned over to GUS HALL at the same time that BLAIR turned over the Wisconsin dues payments to him on 7/27/63.

It is felt that the above information accounts for the transmittal of dues payments covering the months of June and July as reflected in the "Report on Dues Situation." No information has been developed which would cover the transmittal of dues to the National Office from Wisconsin for the month of January as reflected in the report.

When additional information is developed in this regard, the Bureau and New York will be promptly advised.

As noted in re Pittsburgh letter, 12/9/63, informants and sources of the Pittsburgh Office have furnished no information concerning use in the CPWP of the membership questionnaire prepared at CP-USA headquarters for distribution to various district leaders at a CP-USA National Executive Committee meeting on 10/3/63.

Concerning the membership data and dues payment units set forth in re New York letter, it is believed that these figures do represent a fairly accurate picture of the current situation in the Communist Party of Western Pennsylvania (CPWP).

The figure "2" listed under "Recruiting" for 1962 probably refers to [redacted] (Bufile 100-438847) and [redacted] (Bufile 100-439496), who became members of a small Negro CP group organized by [redacted] CPWP organizer.

NY letter 12/3/63.

Referenced New York letter dated 12/3/63, Page 6, Paragraph 1, under "Report on Dues Situation," indicates that a special dues address has been furnished CP districts by the national office, CP - USA, for purposes of communication between the districts and the national office.

All security informants in the Indianapolis division, including [redacted] who handles all Party finances for the Indiana district, have been contacted concerning this matter; and none had any information regarding a special cover address for communications with the national office. b7D

[redacted] advised on 12/23/63 that [redacted] (Chairman and Financial Secretary of the Indiana CP district), in all correspondence with the national office, directs communications to "The Worker" office in New York City. This informant also advised "Worker" sub payments made by [redacted] are paid for by check signed [redacted] and are mailed to "The Worker" office, New York City. b6 b7C b7D

Dues payments from Indiana are never paid for by check. A review of appropriate files for the period 1960 to date reflects only two instances wherein Party dues from Indiana were ever actually forwarded by mail. In all other instances during this period, Party dues have been turned over in person by [redacted] in cash. b6 b7C

IP 100-3474V

Referenced New York letter dated 12/3/63, Page 5, set out: "All districts now send in reports on the form established by us." According to [redacted] the Party in Indiana has never utilized any type of form in submitting dues payments. The normal method of handling has been to place cash in a sealed envelope with a notation thereon indicating total dues, number of members, and period covered. Occasionally, a more detailed breakdown of dues is shown on a slip of paper and placed inside the envelope.

b7D

The following is a recap of dues submitted by the Indiana CP district since 1960 as reflected from a review of pertinent Indianapolis files:

In January, 1961, EMANUEL BLUM (Chairman of the Indiana CP district at that time) and [redacted] (Organizational and Financial Secretary) discussed Party membership in Indiana, at which time BLUM stated the membership for Indiana was 65 members, 60 of which were dues-paying members. BLUM provided a membership breakdown by dividing the State geographically into nine CP clubs and indicated the number per club but did not identify each individual member. Registration forms by club only, totaling 65 registered members, were thereafter submitted to the national office by [redacted], based on information provided by BLUM.

b6  
b7C

On 1/18/61, \$63.50 in cash was mailed to the attention of PHIL BART, National Office, CP-USA, in New York City, which represented 50 per cent of the dues payments from Indiana for the five-month period, 8/1/60 through 12/31/60, based on 60 dues-paying members. These dues payments were broken down as follows:

180 dues payments @ \$ .15 per month -	\$ 27.00
20 " " @ .50 " " -	10.00
100 " " @ 1.00 " " -	100.00
300 dues payments	Total \$137.00

One half of the \$137 was retained for local Party operations.

IP 100-3474V

It will be noted that Page 2 of referenced New York letter dated 12/3/63 sets out that 60 members were carried for Indiana for the year 1960, which figure coincides with the above dues payments submitted in January, 1961, for the previous five-month period of 1960.

In April, 1961, [ ] forwarded \$30.45 in cash to the National Office, CP-USA, New York City, to the attention of PHIL BART, which represented dues payments for 59 members for the first quarter of 1961 and were broken down as follows:

126 dues payments @ \$ .15 per month	-	\$18.90
18 " " @ .50 " "	-	9.00
33 " " @ 1.00 " "	-	33.00
177 dues payments	Total	\$60.90

One half of this amount was retained for local Party operations.

[ ] advised on 4/19/61 that [ ] erred in the above and that a total membership of 60 should have been indicated instead of 59; however, no attempt was made to reconcile this error with the national headquarters.

[ ] advised in January, 1962, that no dues were submitted during the second quarter of 1961; however, on 1/19/62, [ ] turned over \$40 in cash to SAM KUSHNER in Chicago, Illinois, representing dues payments from Indiana for the period 7/1/61 through 12/31/61. This money was in a sealed envelope and was noted on the outside, "Dues payments for 50 members from Indiana - Total \$40." No breakdown of this figure was provided by [ ].

It was subsequently learned from a Chicago informant that [ ] turned over the above sealed envelope to MORRIS CHILDS of the Illinois CP district who, in turn, delivered it personally to the national office in New York City on 1/23/62 or 1/24/62 where it was delivered to PHIL BART.

On 4/15/62, [ ] turned over \$25 in cash to [ ] Chicago, Illinois, for forwarding to the National Office, CP-USA, New York City. This represented dues payments from 50 members from the Indiana CP district for the first quarter of 1962. No breakdown was provided.

IP 100-3474V

On 6/26/62, [ ] turned over in person to CARL WINTER in Detroit, Michigan, \$47.50 in cash in a sealed envelope for delivery to the national office, representing dues payments from 50 members from Indiana for the second quarter of 1962. No breakdown of dues payments was made.

b6  
b7C

On 9/10/62, [ ] visited the national office of the CP-USA in New York City, at which time he turned over to PHIL BART \$50 in cash, representing dues payments for 50 members from Indiana for the third quarter of 1962. Again, no breakdown of dues was provided.

b6  
b7C

On 1/19/63, [ ] turned over \$39.85 in cash to CARL WINTER in Detroit, Michigan, for delivery to the national office which represented a partial dues payment for the last quarter of 1962 for 29 members. [ ] furnished WINTER the following breakdown of dues payments for the fourth quarter, 1962:

On 7/4/63, \$65 in cash was turned over by [ ] to CARL WINTER in Detroit, Michigan, for forwarding to the national office, which represented dues payments from 43 members in Indiana for the first six months of 1963. No breakdown was provided.

IP 100-3474V

No dues have been submitted from the Indiana district since July, 1963.

It is noted on Page 2 of referenced New York letter dated 12/3/63 the estimated membership for the Indiana district is shown as 43, which coincides with the above figure as given to CARL WINTER by [ ] 7/4/63.

b6  
b7C

[ ] has advised that the Party in Indiana collects dues and donations from its members on an irregular basis with no fixed dues amount set. When dues payments are sent to the national office, the money is taken from general Party funds on hand and allocated with a certain amount sent in as dues and the balance for "The Worker" fund or toward other Party projects.

b7D

It is also pointed out that there has been no outside Party leadership directing activities in Indiana; and the leadership has been left more or less up to the local leaders, namely, [ ] who, since about February, 1962, has been Chairman of the Indiana CP district with the approval of the Indiana State CP Committee. [ ] periodically contacts CP leaders in Chicago, Illinois, or CARL WINTER in Detroit, Michigan, at which time he turns over dues, as set out above; however, Party instructions from these leaders--with reference to the operation of the Party in Indiana--have not been issued, and the CP in Indiana, for all practical purposes, has been operated locally without outside leadership.

In regard to the recruiting of additional members for the Upstate New York Communist Party, the informants say that the Party constantly talks about gaining additional members but never acts upon it. After several months of conversation and planning for the appearance of a functionary from State Headquarters at a meeting of this Upstate Section, BOB THOMPSON attended the 1/3/64 meeting. He expressed an interest in contacting some of the old members of the movement, and reactivating them, but he took no action in this regard. He stated that he would attempt to return for the 2/7/64 Party meeting in Albany.

THOMPSON's presence, if it materializes in this Upstate area on 2/7/64, will be closely followed and any action concerning recruitment or reregistration will be reported to the Bureau.

" The following report concerns a Communist Party membership meeting held December 10, 1963, at [REDACTED] Street, Baltimore, Maryland, the home of [REDACTED] CP members. CP members present included [REDACTED] GEORGE MEYERS, [REDACTED] who arrived late at about 9:55 p.m.

The meeting got under way at about 9:15 p.m. with MEYERS suggesting the election of a chairman. [REDACTED] was then elected Chairman for the meeting.

b6  
b7C

[REDACTED] pointed out that the agenda for the evening would consist of an analysis for the local situation of the CP by the District Chairman, MEYERS, and the District Organizer and Treasurer, [REDACTED]

b6  
b7C

MEYERS opened the meeting by speaking about the assassination of President KENNEDY. MEYERS pointed out that "The Worker" had issued a statement condemning the rightists who were the true cause of the President's murder. MEYERS said there had been an unsuccessful attempt by the right wingers to blame the CP for the President's death.

MEYERS said that the CP had always supported President KENNEDY's Civil Rights bill and his other domestic measures. MEYERS stated that the local CP had to dissociate itself from the Trotskyites. MEYERS said the National CP was convinced that the Trotskyites were a dangerous outfit to work with and there was a feeling that a number of SWP members were informants for the Government.

MEYERS said that [REDACTED] the local head of the Trotskyites, and some of his people had an entirely wrong idea on how to approach the American people. MEYERS said locally the Party had tried to work with the Trotskyites and open a united front but the only

b6

[REDACTED]

result was an indication that the SWP locally wanted to take over and destroy the CP. MEYERS said it was imperative to build the Party and the report of GUS HALL, CP General Secretary, issued in early October, gave the picture on this better than he could. MEYERS said that by April 1, 1964, the local Party had to recruit an additional ten persons into the CP.

MEYERS said it was also important that subscriptions to "Political Affairs" be increased as well as other Party publications but the greatest emphasis was on subscriptions to "Political Affairs."

MEYERS said that he wanted subscriptions to 25 additional "Political Affairs." MEYERS said the New Era Book Shop had been selling 25 to 30 issues of "Political Affairs" to non-Party people and if the Party could subscribe in the same amount it would be of tremendous help.

MEYERS said that the CP had a great role to play in the Negro movement and he was very pleased with the literature being put out by the Baltimore Committee for Jobs and Freedom.

MEYERS commented that HYMAN LUMER, CP National official, would be in Baltimore, Maryland, towards the end of January, 1964, for four or five days to hold educational discussions.

MEYERS said that the New Era Book Shop was exceedingly important to the CP. He reminded them the book shop had sponsored the appearance of Dr. SCOTT NEARING at the Stafford Hotel in Baltimore on November 22, 1963, and that JOE HENDERSON and Dr. HOWARD LANGFORD had been of great help to make the appearance a success.

Following discussion on MEYERS' statements and a five-minute recess, [REDACTED] made a detailed report with regard to the District treasury. He told them he had taken it over in 1961 and described what had taken place since then concerning the collection of CP dues, the change-over from CP clubs to CP caucuses, and the fact that no dues money had been given to CP National Headquarters from the District from 1961 to 1963. [REDACTED] said the money collected; however, had been spent for good purposes. [REDACTED]

b6  
b7C

b7D

[redacted]

said that after 1963 the District would collect dues regularly from Party members and would have to send a sum regularly to the National Center.

[redacted] then talked about the literature bills and pointed out that the Party locally had filled its quota for "The Worker's" Fund Drive.

b6  
b7C

They then voted (1) unanimously to recruit 10 new persons into the Party between January 1 and April 1, 1964; (2) voted unanimously to obtain 25 new subscriptions to "Political Affairs"; (3) all agreed to attempt to secure 30 new subscriptions to "The Worker"; (4) voted unanimously to make [redacted] Chairman for youth locally and to have [redacted] work closely with the District Board; and (5) voted unanimously to consider Maryland, Virginia, and Washington, D. C. as one CP District.

The meeting was over at about 12:45 a.m."

This memo has been compared with the informant's original statement and it is accurate in substance.

ReBulet to New York 12/12/63, Bulet to All Offices 1/6/64 and New York letter to the Bureau 12/3/63.

No information has been developed re cover addresses used for communication with the National Office of the CPUSA.

New York letter of 12/3/63 shows Missouri as being credited with \$201.00 for 1963 and contains the number "8" for 1960.

It will be noted current CP membership, Missouri District CP, is estimated at 41.

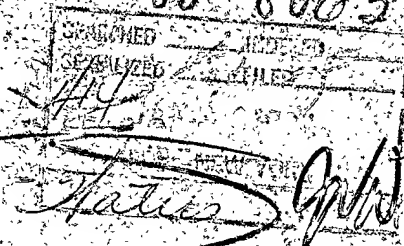

On 10/28/63, [redacted] advised that the Missouri District CP Treasurer turned over \$216.00 to [redacted] Chairman, Missouri District CP, 10/25/63. [redacted] was to attend a CP function in Chicago and planned to turn the money over to someone from the National CP Office. This money had been accumulated over a long period of time from dues collections, contributions and literature sales and was earmarked for the National CP Office.

There has been a lack of direct communication between the Missouri District and the National CP Office and this accounts, in part, for the irregular receipt of dues from this district. In the past the Missouri District was instructed to maintain contact with Chicago leaders. This did not work out satisfactorily.

However, according to [redacted] when GUS HALL, General Secretary CPUSA, met with local CP leaders in St. Louis, Missouri, January 11, 1964, he instructed that henceforth there be direct contact with New York. He made this statement after

he received complaints along this line. However, he is not known to have furnished any special address to which dues payments should be sent.

[ ] has advised that the CP in St. Louis has received at least one copy of GUS HALL's "For a Campaign of Party Renewal" for study.

[ ] asserted that [ ] met 11/30/63 with local CP members and his talk paralleled HALL's report, calling for a revitalization of the Party, a three to four month recruiting drive and accelerated sales of CP literature. [ ] urged that consideration be given to appointing a recruiting captain in each CP group. These captains would see that every group member pledge to bring in one new member.

Interestingly, when HALL was in St. Louis 1/11/64, he met with key CP leaders and also present were individuals who are not members, but who have been active in CP front organizations. Prior to this meeting, ARNOLD JOHNSON, Publicity Director CPUSA, who was with HALL, met with local leaders and urged an implementation of HALL's report.

On 12/31/63, [ ] advised that one local CP group in St. Louis elected a recruiting captain.

An "enlarged" meeting is planned tentatively for mid February, 1964, to discuss the whole program.

Re New York airtel to Director, 10/17/63, and Bureau letter to New York, dated 12/12/63.

[redacted] have advised that no information has come to their attention concerning the appearance of a CP membership questionnaire in the New England District. All these informants were alerted for this matter and any information coming to their attention will be made available to this office and to the Bureau.

Reference is made to New York letter to Boston dated 12/4/63, captioned as above, enclosing a photograph of a current CP, USA registration form marked "Number 1." This data was furnished by NY 1673-S\* on 11/21/63, and was in the possession of PHIL BART, National Organizational Secretary, CP, USA.

It was believed by the New York Office that this form is from the New England District, as the Number 1 designation belonged to New England.

This form contained the following information:

# of members	30
# of clubs	8
Community	none
Industrial	none
Shop	none

The source of these figures is unknown, however, it would appear that this data was possibly compiled by [redacted] Treasurer, CP, USA, New England District, for PHIL BART, and that the questionnaire was not discussed at any local meetings.

b6  
b7C

Although the significance of the figure 80 (# of members) in the questionnaire is unknown, it is possible that this figure could refer to 80 dues paying members. In this connection, it is noted that in New York letter to the Director dated 12/3/63, information relative to a partial break down by districts reflected that in the first 6 months of 1963, the New England District had an average monthly dues paying membership of 73.

It is further to be noted that the Boston Office is currently carrying a total of 107 members, of whom 66 are carried as known and 41 as tentative. This would seem to compare favorably with a statement made by [redacted] at a meeting of the District Committee, CP, USA, New England District, on 9/8/63, when she reported 100 members in the New England District.

b6  
b7C

Any significant information coming to the attention of the Boston Office on this matter will be promptly furnished to the Bureau.

EXTREME CAUTION MUST BE EXERCISED WITH RESPECT TO DISSEMINATION OF THE INFORMATION HEREIN, INASMUCH AS, BY ITS NATURE, SAID INFORMATION TENDS TO IDENTIFY NY 694-S\*, A VALUABLE INFORMANT, AS THE SOURCE. UNLESS THIS INFORMATION IS OBTAINED FROM A SOURCE OTHER THAN NY 694-S\*, IT SHOULD NOT BE INCLUDED--EVEN IN PARAPHRASED FORM--IN THE INVESTIGATIVE SECTION OF A REPORT.

NY 694-S\* advised SAS ALEXANDER C. BURLINSON and [redacted] 1/28/64 that he had conferred on 1/24/64 with ROBERT THOMPSON, New York State Communist Party (CP) functionary, who told him the following:

b6  
b7C

The CP is achieving "very good results" in trade union work. For the first time in several years, the Party was able to get into the National Maritime Union (NMU) and make headway. JOSEPH CURRAN, NMU President, advised there are Party members who are seamen and who are sailing on ships. However, CURRAN does not intend to do anything about this situation unless it is brought to his attention by Government representatives. ROBERT THOMPSON has a personal relationship with CURRAN. THOMPSON has discussed with CURRAN the latter's statement that there should be a boycott of ships to Cuba. CURRAN merely laughed and told THOMPSON that CASTRO and the Soviets could take care of themselves. According to THOMPSON, CURRAN's position is that while he calls for a boycott, he knows it will be ineffective.

b6  
b7C

NY 100-80641

According to THOMPSON, the Party enjoys a good relationship with [ ] of the Transport Workers Union, in that the Party is able to meet and speak with [ ]. The Party has made gains recently in the following unions: Local 65 of the Retail, Wholesale Department Store Union (Bufile 100-36491), Local 6 of the International Typographical Union (Bufile 61-3017), Local 1199 of the Retail Drug and Hospital Employees Union (Bufile 100-415473), Local 89 of the Chefs, Cooks, Pastry Cooks (Bufile 100-92004), in the Hotel Restaurant Employees headed by [ ], and in several of the Teamsters locals (Bufile 100-13124). The Party has achieved positive results as well in the Furriers Union (Bufile 100-417465).

b6  
b7C

With respect to the actual recruiting of Party members, THOMPSON advised that the Party has not lost over all in the field of membership. In the last six months, the Party has recruited 45 Spanish-speaking workers among the Puerto Ricans and the Cubans.

In the last year, the New York State CP has raised \$60,000, exclusive of money raised for "The Worker." This \$60,000 was raised by the Party from dues and from sustaining funds, exclusive of donations, which are negligible. For the coming year, the New York State CP will need at least \$90,000, meaning an additional \$30,000. Consequently, THOMPSON is anxious to secure donations. THOMPSON intends to ask [ ] and his wife, [ ], who are in the textile business, not only for a large donation but for regular contributions to the Party. THOMPSON noted that he has every right to ask the [ ] for money because the textile business in which they are engaged was originally set up by New York State CP funds. When GUS HALL first became Secretary of the CPUSA, (It is noted that GUS HALL was elected General Secretary, CPUSA, at the 17th National Convention held December, 1959, at New York City.) he spoke with [ ] and [ ] agreed to give him donations, giving him, in fact, \$250. However, [ ] has not been seen since that time.

b6  
b7C

NY 100-80641

It is noted that [ ] (Bufile 65-7868) and [ ] (Bufile 100-424496) operate the Isabel Scott Fabrics, Inc., 515 Madison Avenue, New York City.

b6  
b7C

According to THOMPSON, some years ago, a printing plate business was organized in New York, in which business the following were involved: STANLEY and [ ] LEVISON, [ ] and another [ ] brother. A considerable amount of money was invested in the company, which subsequently moved from New York to Chicago and thence to the West Coast. The business name of the company, as THOMPSON last knew it, was "Active Lithograph Printing Company." [ ] recently told ROBERT THOMPSON that the [ ] brothers have refinanced the printing plate business and that the LEVISON brothers are no longer involved in this business. It cost \$300,000 to refinance this business and it appears that the business will prosper.

b6  
b7C

It is noted that NY 694-S\* furnished information in September, 1953 with respect to STAN LEVISON's interest in a firm called Sunset Plates Company located in Los Angeles. The records of the Los Angeles Superior Court, Hall of Records, Case #636574, disclosed that on November 24, 1954, an action was filed by [ ] of the Premier Graining Company, Inc., Los Angeles, against Sunset Plates, Inc., in the amount of \$36,000. The complaint alleges that [ ] had assigned all his interest in Sunset Plates, Inc., to [ ] and that Sunset Plates, Inc., had ceased to do business as of the time the complaint was filed.

b6  
b7C

Los Angeles was advised by New York letter of 9/25/63, captioned [ ] SM - C, (OO: NY)," that KAUFMAN had been in touch with ROBERT THOMPSON on 9/21/63 as reported by NY 2416-S\*.

b6  
b7C

ROBERT THOMPSON is interested in securing a means of income for [ ], a New York attorney who has done work for the CP and who is presently without a livelihood.

b6  
b7C

NY 100-80641

THOMPSON was approached recently by SAM MILGROM, an old-time Party member who has been sick and has not been active. MILGROM has been in the pottery and ceramics business, having had at one time three places of business, one in Queens and two in Manhattan. MILGROM has asked THOMPSON to advance money from the New York State CP with which he could open a store on a partnership basis with the Party, selling ceramics and pottery. MILGROM suggested the west side between 110th and 116th Street as a possible location for such a store.

Referenced New York letter dated December 3, 1963, requested that all receiving offices should contact sources for any information regarding a special dues cover address to be used for communication for the CP National Office.

During January, 1964, the following sources were contacted relative to this request and they all advised that they had no information regarding a special dues cover address:

Referenced Bureau letter dated December 12, 1963, requested the recipient offices, in addition to the lead set out in referenced New York letter dated December 3, 1963, as set forth above, should carefully analyze referenced New York letter dated December 4, 1963, commenting on a comparison of recruiting membership data as contained in this letter which pertains to the territory covered by respective field offices with that information available in the files of these field offices.

DE 100-16906

In this regard, it will be noted that referenced New York letter dated December 3, 1963, set forth a compilation of membership data, recruitings and dues payment units for 1960-63, broken down by districts.

It will be noted that there was no estimated membership for Michigan (MDCP); however, under the heading of "Recruiting" (Michigan), MDCP, two individuals were listed in 1960 as having been recruited and two individuals were listed in 1963 as having been recruited. A review of appropriate Detroit files reveals that two individuals recruited in 1960 were most probably [redacted] [redacted]

[redacted] and his wife, [redacted] of the Detroit Office until she moved from the confines of the Detroit Office in 1963. It is felt this is correct since [redacted] on March 25, 1960, positively identified Mr. and [redacted] as members of the West Joy Club, MDCP. Neither of the [redacted] names appear as either tentatively or positively identified CP members prior to this time.

In regard to the two individuals mentioned as being recruited in 1963, a review of Detroit files indicates the individuals were most probably [redacted]

[redacted] It is felt that this is correct since [redacted] advised on November 20, 1963, that a meeting for MDCP Club chairman was held on November 18, 1963, which was a closed CP meeting. [redacted] attended this meeting. She is currently on the Security Index of the Detroit Office.

In regard to [redacted] on December 4, 1962, advised that a new member would be added to the Freedom Forum Club, MDCP, in the near future; however, his identity was unknown to this informant at this time. During January, 1963, [redacted] advised this new member was [redacted]

In regard to the membership and questionnaire fully described in referenced New York airtel dated October 17, 1963, which was distributed at a session of the CP, USA, National Executive Committee Meeting held in New York during October, 1963, the New York Office submitted a photograph of this questionnaire for Michigan (MDCP).

DE 100-16906

This questionnaire indicated the following pertinent data for Michigan:

1. Members: 125
2. Clubs:
  - Community: 8
  - Industrial: 3
  - Shop: 1
  - Nationality Groups: 4
3. How many cities and towns are there Party organizations: 3
4. Frequency of club meetings: Semi-monthly

In regard to members, the Detroit Office has positively identified 127 members of the MDCP. Two positively identified MDCP members were reported by [redacted] as having died in the recent past, bringing the total of positively identified members to 125. These deceased members are still being carried as members pending verification of their demise.

b7D

In regard to the clubs mentioned above, Detroit files reveal the following breakdown:

Community: 8

- East Side Club
- Freedom Forum Club
- Jewish Community Club
- MDCP Youth Division
- West Joy Club
- West Side Current Events Club
- Muskegon CP Club (Inactive)
- Grand Rapids CP Club (Inactive)

Industrial: 3

- Ford CP Club
- Dodge CP Club (Inactive)
- Chrysler CP Club (Inactive)

Shop: 1

- Trade Union Discussion Group

Nationality Groups: 3

Miscellaneous CP Club  
Rumanian CP Club  
Polish-Bulgarian CP Club (It will be noted  
this was formerly two separate clubs.)

In regard as to how many cities and towns in which there are Party organizations, Detroit files reveal these three cities are undoubtedly Detroit, Grand Rapids and Muskegon; however, the latter two cities are quite inactive at the present time.

In regard to the frequency of club meetings, a review of Detroit files reveals a vast majority of the clubs do hold their meetings semi-monthly.

Referenced Bureau letter to all offices dated January 6, 1964, requested all offices should be extremely alert to any action taken which might indicate a revitalization of the Party's effort to recruit new members. In addition, investigations in this matter conducted by those offices covering Party members should be most thorough utilizing inventiveness and sufficient aggressiveness to stay on top of this important Party operation. The Bureau advised that the pertinent offices should advise by February 4, 1964, of any information developed even though no pertinent data was determined.

In this regard, the same informants listed on Page 1 of this letter when contacted during January, 1963, all advised they had no information at the present time that the MDCP was taking any action indicating revitalization of the Party's efforts to recruit new members; as stated, the only new recruits in the MDCP were the two individuals listed as having been recruited in 1963, the details of which are set forth previously in this letter.

The Detroit Office will be extremely alert to any action taken which might indicate revitalization of the Party's efforts to recruit new members.

This office has checked with appropriate informants but has developed no pertinent data with respect to such a recruiting campaign.

[redacted] are the most logical possible recruits of the Party in Utah at the present time. They have not been approached in any manner recently which can be construed as an intention on the part of the Party to recruit them as members. They do, however, continue to participate in a discussion group which would be the logical source of recruits.

On 10/29/63, PG 180-S\* advised that on this date [redacted] Organizer, Communist Party of Western Pennsylvania (CPWP) met with his wife, [redacted], and [redacted] (both CPWP members) to review his notes taken at a National Executive Committee meeting held in New York City in early October, 1963, and to give these individuals a summary of the remarks made by GUS HALL, General Secretary, CP-USA, at this meeting.

[redacted] stated that GUS HALL's report emphasized that the number one priority in the Party was the building of the Party. [redacted] said that although the present situation does not grant assured security for Party members and there is harrassment of CP members, Party leaders have arrived at the conclusion that the Party now has more "elbow room" than it has had in the past. [redacted] said that the Party wished to re-establish its chain of organization and hoped to have this re-establishment of the Party reach down to the club level. [redacted] also stated that recruiting was an important part of the Party's plans. He said that "we" must stress youth recruiting; that "we" must get literature concerning this; and that "we" must then follow up on it.

ReBulet 1/6/64.

Concerning the revitalization program of the Communist Party in the Northwest District, the following comments are submitted.

At a meeting of the State Board, NWDCP, held on 10/26/63, in Seattle (according to SE 25-S\*) [redacted]

[redacted] reviewed the work of the NWDCP since the 17th National CP Convention and stated that the membership in this District has remained stable. This statement is considered by the Seattle Office to be somewhat consistent with figures maintained by the Seattle Office. NWDCP membership figures in the latter part of 1959 were estimated at 220 members and the present estimate is set slightly less.

On 11/9/63, an enlarged meeting of the District Committee, NWDCP, was held in Seattle (according to SE 25-S\*, [redacted] whereat GUS HALL, General Secretary of the CP, USA was the main speaker. The theme of his speech was that the CP must lead and not follow and that it is not enough to oppose capitalism, it must be fought by initiating the struggle. He urged that all Party membership be turned out in this struggle by taking the initiative and shaking off bad habits.

In the NWDCP, the months of October, November, December, 1963 and January, 1964, were designated for the Party fund drive and revitalizing the Party. It has been ascertained from [redacted] on 1/29/64, that this four month campaign as far as funds are concerned has not been successful and must be carried on and extended through the month of February, 1964 since the King County CP quota was only about 44% complete at that time. b7D

Regarding the revitalizing the CP in this district, the only noticeable change in activities noted thus far is the fact that an attempt is being made in the King County CP organization to hold monthly meetings for all Club Organizational-Secretaries. Two of these meetings have been held thus and live informant coverage was afforded. These meetings have dealt primarily with an attempt to instill interest of the Party membership in the forthcoming elections in Seattle and Civil Rights and Open Housing issues involved. The question of Party recruiting has barely been mentioned with no more mention than in previous months.

Nevertheless, in a effort to determine any increase activity in recruiting field at this time, the Seattle Office has, or is, attempting to devise some new approaches to identify new members.

For example, on 1/12/64, [redacted] held a "Hobo Stew" dinner affair at their residence in Seattle for the purpose of raising funds for their club and section during this revitalization period. The initial plan by the Agent handling these informants was to have these informants advance themselves by holding such an affair and actively participating in this revitalizing campaign. In addition, it was planned to make this a section-wide affair with wide publicity to all clubs in this section so that all members and close sympathizers and possible recruits could attend. The approach by the informants was that in order to raise money, invitations had to be many and that this affair would serve as an opportunity for members to bring any new people to the CP. An additional idea planned was to have this affair held to strictly social basis so that there would be plenty of mixing, chatting and introductions among all in attendance. b7D

The results of this affair were as follows:

SE 100-18449

1. Thirty-seven adults and children were in attendance including eight informants.
2. Twenty-two CP members were in attendance.
3. No new CP members were identified, but this affair afforded the opportunity for all informants in attendance to meet and talk with others and become more acquainted with these CP members present.
4. The real valuable result of this affair was that at this function, [redacted] member of the State Board of the NWDCP and Organizational Secretary of the King County CP, took [redacted] aside and told her that there are plans for organizing a separate CP club in West Seattle and that this informant is the candidate to organize this potential new club. This club in West Seattle is not designed for new recruits but for the purpose of holding meetings for a few individuals who have not been attending meetings.

b6  
b7C  
b7D

Another approach made to identify any new members is being used with the efforts of [redacted] who was an attendant at the HALL meeting in Seattle on 11/9/63. This informant is a member of the [redacted]

[redacted] Section, which section has had some personal disputes. In line with the revitalization campaign and in an effort to "calm the waters" by playing a leading role, [redacted] has been instrumental in pushing for an all membership meeting for all members in this section. The section committee has agreed to this all-day conference whereat a review of past work, critical analysis, successes and failures will be discussed. This section committee has agreed that no excuse for absence will be accepted. This conference is scheduled for 2/3/64. One of the topics to be discussed at this conference will be the growth and development of individuals, clubs and committees and responsibilities of assignments.

b7D

[redacted] was partly responsible for programing this forthcoming conference. It is believed that the use of [redacted] in this effort not only enhances this informant's position in the CP but also presents an opportunity for the Seattle Office to be brought completely up to date on the activities of this CP section and possibly others. One of the specific duties assigned to [redacted] by the section for this conference is

SE 100-18449

that this informant must take complete notes of all activities at this conference.

In reviewing the activities of the CP in this area since the 11/9/63 meeting and HALL's plea for all members to get active, it is found that several CP clubs of the NW/CP still fail to function or meet.

For example, the following groups have failed to make any change in their normal activities:

Metal Trades CP Club	Has not met for three months.
Longshore & East Madison CP Clubs	Occasionally meet jointly since neither has enough active members to meet along.
Northeast Madison CP Club	Rarely meets.
33rd District CP Club	Rarely meets.
White Center CP Club	Small portion of club meets only irregularly.
Snohomish CP Club	Rarely meets.
Whatcom CP Section	No club meetings.

Thus far there is no indication that any success has been made in the recruiting field in this district. However, in the Ballard-Greenwood CP Club, the Seattle Office stands a good chance of placing [redacted] in the membership ranks since this informant attended some Marxism-Leninism classes whereat she was the only non-Party person in attendance.

Also, recently, [redacted] an aged CP member and leader in the Spokane Section, has asked [redacted] to take over his "People's World" duties and in view of this it is believed that this informant will enter the CP ranks in the near future. One factor which has helped in this connection was the fact that [redacted] recently took her child to one of the front meetings and this apparently impressed those in attendance. This particular section has been very reluctant to recruit since Former [redacted] who was formerly [redacted] section, was exposed as an FBI informant during a SACE hearing. Leaders in this section subsequently felt that Former [redacted] should have been discovered beforehand because he never brought his wife or children to any meetings.

Actually, the CP in this State have little success in recruiting during the past year with the exception of youth. The Seattle Office has excellent informant coverage in the

SE 100-13449

youth field and recruits have been regularly identified as these occurred. No great CP success has been noted during the revitalization period.

The Seattle Office has, for a considerable length of time, been conducting investigations on new subscribers to the "People's World" as a means of identifying new members of the CP and also from the standpoint of developing PSIs. Subscription mailing lists are periodically received from the San Francisco Office and these are exceedingly helpful. The Seattle Office has found that placing informants in the positions of club or section press director helps to identify readers of the PW since this officer normally will maintain lists of such readers. [redacted] is the [redacted] the Southwest Washington CP Section and [redacted] is the [redacted] CP Section while [redacted] and [redacted] normally assist the PW office in Seattle to periodically prepare PW mailing lists. In this way, new readers and subscribers are known at an early stage.

b7D

It also has been noted that during this so-called revitalization period, the Party in this district has been concentrating on a fund drive and political activities in the election and civil rights field and the question of a concentration on recruits has not been urged at club or section levels to date.

[redacted] (From Shipbuilders)

[redacted] (Representing Washington, D. C)

[redacted] in opening the meeting stated that for the benefit of  
[redacted] he would give a breakdown of the new Party  
stryctyre, (The Breakdown is included with report). [redacted]  
stated that at the last Board Meeting there was objection raised  
by [redacted] as to whether [redacted] was actually a  
member of the Board but it was recalled that [redacted] had been  
elected to the Board at a convention. [redacted] stated  
that at the last Board Meeting he had attended he understood  
that one would be so selected from Washington, D.C., and  
thought that by [redacted] presence he was the one so  
elected. [redacted] agreed with [redacted] that this was mentioned  
and agreed to at the meeting referred to. [redacted] felt  
that the situation could adequately be delt with at the  
next Board Meeting when [redacted] and himself are present  
to air the situation. The Board then developed a general  
discussion on proposals and issues to be presented to the  
enlarged meeting of the Party and the various clubs and  
commissions. The proposals and discussions were as follows:

1. Increasing subscriptions to the Worker:
  - a. Each club would have to increase its subscriptions  
to the Worker. The additional copies of the Worker would  
be sent to the various colleges to be placed in their  
libraries as reading material.
2. Each member of the Communist Party should subscribe  
to political affairs which may be over and above copies  
already obtained by the various clubs.
3. Recruiting new members for the Communist Party,  
a subject which developed a very interesting discussion  
because [redacted] stated that each new recruit should  
be screened and investigated so as the Party would  
not be in a position of answering why a stoolie was  
admitted. [redacted] stated that he was only relaying the  
feeling of his club as discussed in their last club  
meeting. [redacted], and [redacted] sharply  
criticized the fear expressed by [redacted] club on recruiting  
by saying:
  - a. By [redacted] - He felt the only reason that [redacted] club  
had suggested such a proposal for recruiting was

b6  
b7C

[redacted]  
white element suspicion that Negroes are stoll pigeons.  
[redacted] added the Party must recruit regardless of fear.

b6  
b7C

b. By [redacted] - The Party must continue to recruit new members as well as reactivate old members in order to stay alive. [redacted] suggested that the Party forget its fear in recruiting new members that they may feel are stoolies because stoolies can be white or colored and only time will tell. [redacted] went on to give names of other suppossingly Party members who were white that informed on the Party.

b6  
b7C

c. [redacted] - Stated that he thought it was impossible for the Party to screen any new applicant because he felt that it was virtually impossible for the Party to get such information as to whom might be a stoolie for the FBI. The Party shall recruit new members.

d. The Party shall recruit six new members.

4. Fifty copies of the "New Horizon For Youth" would be purchased per month in support of the Youth Program.
5. The Party members shall fratenize with all political, labor, and church organizations so as to bring the Party's program to the front. The Board in considering the aforementioned groups gave consideration and asked that the following be done:

- a. [redacted] get active members of the Negro American Labor Council together to see if it is felt that due to the lack of payment of dues the charter has not been lost. It was further stipulated that if the charter is withdrawn the Party will disassociate its members until such time that the charter is restored. [redacted] added that [redacted] has pulled out of activities associated with the NALC and has left the organization to designated representatives. [redacted] stated that [redacted] would not openly associate with members of the Party. However, he would associate with a man like BENJAMIN DAVIS behind closed doors. [redacted] stated further that he believed that [redacted] could use the opinion of DAVIS in dealing with the Negro problem.
- b. [redacted] stated that two members of the Party were designated by him to attend a meeting held by the Baltimore Fellowship Association (meeting held Dec. 3, 1963). They are [redacted]

b6

- c. The question of the Maryland Committee for the Democratic Rights, if the Party is to continue to be associated with them the BEN DAVIS postponement should

[redacted]

be explained.

6. [redacted] raised a question as to why the District Board's name should be changed to the District Administrative Committee and why [redacted] objected at the last Board meeting to the number included in the Committee. In answer to [redacted] question [redacted] and [redacted] answered:

b6  
b7C  
b7D

- a. By [redacted] - He had to compromise in order to get some of the things he wanted as a member of the subcommittee formed to submit proposals which would be acceptable to the Party. [redacted] further stated that he felt the Board should be enlarged because Negroes attend more Party meetings and therefore should be in the majority.
- b. By [redacted] - That the Committee had to be increased because all the members of the Old Board were known to the FBI and new members had to added in the event that the leaders of the Party were sent to jail there would still be people in leadership in the Party to carry on. [redacted] added that if everyone was arrested the Party would still go on. [redacted] further stated that the FBI has a record of him for 25 years of his party activities and therefore he was nothing new to the Government.

b6  
b7C

b6  
b7C

7. [redacted] stated that this is the time for the party to really start moving because there is a depression right around the corner. [redacted] passed out the following literature.

b6  
b7C

- a. Communist viewpoint (A Youth and Student Publication Vol nos. 7-8.)
- b. New Horizons For Youth Vol 3 no. 2.
- c. [redacted] gave to [redacted] subscription cards for the WORKER and asked that the same be disposed of at the Steel Club meeting.

8. [redacted] made the following announcements:

b6  
b7C

- a. December 4, 1963 - the Jobs and Freedom Committee would meet at [redacted] house.
- b. December 5, 1963, the Trade Union Commission would meet at [redacted] house.

A State Board meeting of the Communist Party (CP)  
of Illinois was held on December 30, 1963 at the home of  
[redacted] Present were:

[redacted]  
JACK KLING

[redacted]  
GIL GREEN  
LOU DISKIN  
MILT COHEN  
EARL DURHAM

[redacted]  
CLAUDE LIGHTFOOT  
[redacted]

b6  
b7C

Absent without explanation was [redacted]

[redacted] indicated at this meeting they would discuss a report from the recently held National Committee meeting in New York. There would not be a full report of the National Committee meeting because there were too many proposals made at that meeting. A proposal would be made to get a full report from the National Committee. [redacted] stated that the main topic for this evening's discussion would be on the questions of consolidating the Party and the significance of the Appellate Court's decision on the Registration Act. [redacted] stated the next Board meeting would discuss the perspectives for the 1964 elections with a report by CLAUDE LIGHTFOOT. The Board meeting following that one would have a report on the civil rights movement based on a report by EARL DURHAM, which meeting would be preceded by a discussion in an enlarged Negro Commission meeting. The third Board meeting would consist of a discussion on economic problems which also should be preceded by a meeting of trade unions.

b6  
b7C

[redacted] then indicated that the Appellate Court ruling was based on the 5th Amendment of self-incrimination,

and there was a unanimous discussion by the panel and this meant the end of the Mc Carran Act if there is sufficient mass follow-up. He stated the logic of the decision also kills the membership cases now pending before the courts. The Department of Justice has already asked for an extension of 60 days, and they probably are thinking about the next steps. All hearings have been postponed. [ ] stated the Party must, in a united front way, mobilize for the complete withdrawal of all cases and demand for the Act to be repealed. [ ] stated there were negative decisions on the so-called front organizations and also there is pending the decision on passports. [ ] stated there must be a stepped up fight-back campaign mounted. This decision gives the CP a new status whereas they are not completely legal. This gives them the weapon to fight for complete legality. [ ] stated the Party must fight to get on the ballot as well as for more public appearances and open presentation of the CP views. In Illinois, they should plan for a May Day celebration with perhaps GUS HALL and NORMAN THOMAS sharing the platform. [ ] stated the main emphasis from the National Committee meeting is on Party renewal and consolidation. He stated the fact that there is a people's movement in the country and this decision on the Party are elements that make possible their consolidation and building. He stated it indicates that it is possible to move from their isolation into a position of influence in the movement.

b6  
b7C

According to [ ] GUS HALL indicated in his report that he is confident that the Party can move into influential positions. [ ] stated in Illinois, they must step up their campaign for refreshing and renewing the Party status. [ ] proposed a six-month plan which will include the building of "The Worker", increased circulation of literature, recruiting finances, establishment of missions, and fighting for more consistent functioning of the clubs. He stated a committee of the Board should work on this and should be composed of LOU DISKIN, [ ] and [ ]. This committee should discuss the objectives for renewal, and he stated the entire leadership should plan to launch this renewal drive with an actives

b6  
b7C

meeting that will hear the report of the National Committee. The drive should go until July 4. This should be followed up with a delegated conference, that is, delegates from each Party club to be held sometime in August or September. [ ] stated that depending on how the situation develops in the country, this will determine whether this delegated conference should actually be a convention in which the state leadership will be elected.

b6  
b7C

[ ] proposed that the next Board meetings be held on the dates indicated. The first is on January 14 and the topic would be the 1964 elections and would be held at the home of [ ]. Following that, there would be a meeting on civil rights on January 23 with no place announced. The next Board meeting would be on February 11 on economic questions, and no place was announced.

b6  
b7C

MIKE CONEN asked what were the definite factors that gave the conclusion that the Party was in the process of consolidation.

[ ] indicated by repeating some of the already established factors such as during the year 1963 they recruited approximately 200 members, mostly youth, and also the good experiences on the trial "The Worker" subs, particularly in Chicago. He stated there were some elements of a new cadre coming forth in the Party in some of the other districts.

b6  
b7C

GIL GREEN spoke and stated that the Party leadership must help the membership draw the full conclusions of the Appellate Court decision. This decision came about at a time when the ultra-right was attempting to create a hysteria of anti-communism based on the assassination of President KENNEDY in which the ultra-right tried to blame the communists. GREEN stated the ultra-right, particularly the John Birch Society ads, was still trying to create this hysteria. He stated it is significant that the American people have not accepted this estimate of the ultra-right. The Party must be alert to the possibilities that have opened up for more positive activity and showing the purpose of the Party to the masses.

LIGHTFOOT indicated that there was a meeting of the Resident Board of the Party with their attorney, [redacted] gave them the legal estimate that the Government will not appeal the case but will rather let it lie for a while. LIGHTFOOT stated the Resident Board of the Party had the estimate that there is a wide area of support for the repeal of the Act. He stated that in the Party's discussions on the 1964 elections, they must move toward changing the composition of Congress. One thing that is needed for consolidation of the Party is the ideological strengthening of the Party. LIGHTFOOT cited several examples in their experiences in the Negro field in which there is serious disagreement with the Party's position on the Chinese-Soviet split. He stated discussions were held with [redacted] both of whom do not agree that the Chinese line is incorrect. LIGHTFOOT stated they must fight for the broadest collectives, particularly in the Negro field.

b6  
b7C

GIL GREEN spoke again and stated that the Party should fight for more public platforms and cited the examples of California where there is a regular attempt by the Party to speak on the radio. GREEN stated that sometime in January, a full page ad will be placed in the "New York Times" by the Party in direct answer to the John Birch Society by placing the issues in a much broader light.

LOU DISKIN spoke and stated that on the consolidation, the main activity should be centered on building "The Worker" and secondly, in the struggle to get the Mc Carran Act off the books. He stated some thought should be given to having a reception for JOHN AET. Further, in consolidating the Party, there should be a buddy system developed with some of the youth comrades in order to build a key cadre.

[redacted] spoke about some good experiences had in his community after he was cited by the Department of Justice. He stated the local newspaper printed a story about his indictment, but that his neighborhood was not stampeded into any hysteria, but rather had been still open to discussion on the issues he represents.

b6  
b7C

**MILT COHEN** spoke of his experiences in the mass organizations and stated that redbaiting as such is getting rather hollow and increased opportunities are developing for the Party to speak more.

[ ] spoke very critically and bitterly about the Party's relationship to the existing youth in the Party. He indicated he has repeatedly been rebuffed when trying to work with [ ] in trying to get something organized ideologically in the youth clubs. He stated the Board must recognize that it is lacking its responsibility when it does not solve this problem.

[ ] stated there was a youth school planned with **HY LUMER**, but that it did not take place because it was not organized and he put the main responsibility on [ ]

b6  
b7c

**EARL DURNAN** stated that he was in agreement with the estimate of the Appellate Court decision and he agreed with **LIGHTFOOT** about the formation of a commission. He further indicated that in the future, the subcommittee of the commission that will be dealing with mass work should be composed of Party and non-Party members. **DURNAN** stated this is possible and details should be worked out at the first commission meeting.

**JACK KLING** stated the stopped up drive of the ultra-right in attempting to discredit and disrupt the Party activities must be recognized. He stated the "Morning Freiheit" is going into a fund drive for \$11,000, and they will launch it with an active meeting at which the actives have asked that either **LIGHTFOOT** or **GIL GREEN** speak dealing with the problems of America. **KLING** stated the Party should speak out more and should include in its plan the establishment of a regular monthly bulletin to be mailed out to about 2,000 people. **KLING** was also sharply critical of "The Worker" and in his opinion, the paper would not be built unless there is a drastic change in the presentation of the articles in the paper.

All were extremely critical of the last issue of "The Worker", particularly the printing of GUS HALL's report which they felt should not have been in the paper but put in separate pamphlet form.

GREEN indicated there must be a struggle to overcome the fear of the Party. He stated there is a solid wall of anti-communism in the mass movements. He added there must be a struggle for the unity of the left, and stated that if the Party does not become more open and active, it is possible that a left may be created without the Party.

[ ] summarized and stated that the line of the Party on the danger of the ultra-right has been proven correct. He stated a new feature that is in the picture now is the attempt to equate the ultra-right with the left.

[ ] stated GUS HALL handled this question well in his report to the National Committee, and any ideological emphasis should be on the work that is before the Party now. The Party must build up its own strength and base if it is to have any influence in the people's movement.

[ ] stated it is not unrealistic to fight for 1,000 subscriptions by July 4. He also proposed that the Board be responsible for 20 recruits by July 4, ten of whom should be youth. [ ] proposed that the financial goal be \$16,000 by July 1, which is as much money as was raised during 1963. He stated that literature circulation must be increased five-fold, which is not so much, and there must be the organization of the commission and the filling of certain gaps in the State leadership.

On 1/30/64, GEORGE MEYERS was observed in contact with PAT TOOHEY at CPUSA Headquarters, NYC. MEYERS stated that he had just returned from Florida and that there were many Party people down there, but that there was no one to see them. He said there was a lot of money there to be picked up for the Party.

He added that many of these people were afraid to see him because he is a well known CP member and former victim of the Smith Act. He indicated that he will go back to Florida in May, 1964. He then furnished TOOHEY with the following three names:

[redacted], Miami Beach

He identified [redacted] as the organizer or man in charge in Florida. He directed that TOOHEY send these names to TOOHEY's wife, [redacted] who is now in Florida, for the purpose of having her contact them for donations on behalf of the Party.

Re Bulet 12/12/63 and San Diego letter 2/3/64.

Re Bulet refers in turn to New York airtel 10/17/63 and New York letter 12/3/63. These letters report dues and membership data as gathered by the Communist Party (CP) National Office from the various CP District Offices, and New York airtel sets out a membership questionnaire form which was for distribution to the various district leaders at the NEC meeting. Inasmuch as San Diego does not have a CP District Office, the information available for the San Diego CP is not suitable for comparison with data set forth in referenced communications. It should be noted that San Diego answers directly to the Southern California District Office in Los Angeles.

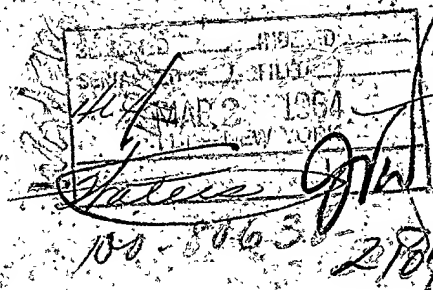

CP informants in San Diego have been specifically queried as to whether there has been any use of the above mentioned membership form, and to date the form has not been used. The dues reports are made to the District Office and no direct correspondence with the National Office of any kind is known to informants. The San Diego CP collects dues quite regularly, and the money collected is taken to Los Angeles by courier.

The plans of the Southern California District with regard to recruiting were set out in referenced San Diego letter. The San Diego CP is cooperating in the goal of 20 per cent increase in membership, but to date no new members have been obtained.

A Party registration in San Diego would be of considerable value, and anything that can be done to assist or insist that such a registration be carried out should be encouraged. There has been no registration since 1960 and a number of suspected or past members have become inactive, at

January 16, 1964

The New Jersey COMMUNIST PARTY (CP) held a seminar on Saturday, January 11, 1964, at the Continental Ballroom, Room 5, Newark, New Jersey. Room 5 was rented under the name of the Negro Labor Council.

Present at this seminar were the following people:

JACK STACHEL (from the CP National Office)

IRVING POTASH (from the CP National Office.  
POTASH left before the seminar began, although it appeared he came with STACHEL. He talked with STACHEL alone before going.)

[redacted]

[redacted] came with [redacted].  
[redacted] was heard to mention that [redacted] had called him about the meeting first; then drove over to [redacted] home and picked him up. [redacted] said he thought the meeting would be at 126 Eastern Parkway, Irvington, until [redacted] told him differently.)

Unidentified white female who talked with a lisp and who was at the seminar at 126 Eastern Parkway, Irvington. She was in the Unemployed Council.

NK 100-4284E

Unidentified white male, 55-60 years old, 5' 6" tall, husband of above unidentified white female. He was in the Unemployed Council.

The meeting began late. It was scheduled for 10:00 a.m., but began around 10:45 a.m. It ended about 2:30 p.m. to 2:45 p.m.

The unidentified white female with the lisp said that "JIM" (referring to JAMES LUSTIG) had left for good.

It was learned from [redacted] that he had reserved the room for the meeting and the reservation cost him \$6.00 but [redacted] had reimbursed him with \$6.00.

b6  
b7C

JACK STACHEL was in charge of the meeting. He announced that there would be no time after the meeting for a question and answer period. STACHEL began by holding up a recent issue of the "New York Times" newspaper which had headlines about the recent riots in Panama. He said we all must be informed of current events or we will be behind the times. He referred to events in Indonesia, East Germany, and elsewhere and said the world is moving ahead and the Party must move with it.

STACHEL divided his talk into two parts; namely:

1. Building up the Party
2. Party political activities

He began with #2 - Party political activities. He talked a long time on this subject. Concerning elections in general, he said the CP should not take any positions. He said the Republican and Democratic Parties both have opposing forces within themselves - such as GOLDWATER and ROCKEFELLER in the Republican Party, and the KENNEDYS versus the BARNETTS and EASTLANDS in the South. STACHEL felt that the time is not right for a third party. He said the "FREEDOM NOW" Party is doomed because the wrong people are behind it and they are not sincere. Also, the "FREEDOM NOW" Party is asking people to leave both the Republican and Democratic Parties to join its ranks, and people won't do this. STACHEL felt that Party members should not support the "FREEDOM NOW" Party, but should try to get people to move toward more "progressive" ideals.

NK 100-4284E

STACHEL reviewed gains made in 1963, citing the Negro demonstrations and the civil rights gains as proof. STACHEL agreed with President JOHNSON's civil rights program, and STACHEL said his only hope is that JOHNSON will implement his program. STACHEL said the CP should help the people implement JOHNSON's program.

STACHEL's general theme seemed to be around the point of the lesser of two evils between the Republicans and Democrats and the CP should urge people toward the lesser of the two evils.

STACHEL outlined two duties of the CP:

1. Keep itself legal by running candidates under the CP name, or other name, in order to get its program across.

2. The CP must pick out the lesser of two evils and work for the better of any two candidates striving for the same office.

STACHEL, nevertheless, made it clear that the CP would not run a Presidential candidate.

(At this point, lunch was served. [redacted] brought some food from Paterson, and [redacted] went out to get some from a store.)

b6  
b7C

Concerning point #1, building up the Party, which was discussed after lunch, STACHEL stressed the importance of building. He said the Party destroys itself if it does not take in young people. STACHEL seemed to feel that individual clubs should carry out youth work. He referred to the old days when CP members went underground. He said these people were secure only from each other, because the FBI knew where they were. He said the efforts by Party members to hide were a mistake.

STACHEL recommended recruiting. He said recruiting is not a mechanical operation, but involves different procedures in different areas. Recruiting of a person is an

NK 100-4284E

individual matter and each person is different. STACHEL gave a broad outline for recruiting, generally stressing the sale of "The Worker" and getting active in mass organizations.

It has already been requested that a case on the unidentified white female with lisp be opened.

It is requested that a case be opened on the Unsub: white male, 55-60, 5' 6", husband of white female with lisp, SM - C.

On 1/15/64, a meeting of the Miscellaneous Industrial Caucus of the Communist Party (CP) was held at Adelphi Hall, 74 Fifth Avenue, New York, NY. Observed on the Room Directory of the building in Adelphi Hall was the listing of a meeting titled the "Writers Club", this name designated for the above Caucus. This meeting began about 8:50 PM and ended at approximately 10 PM. Those observed in attendance were:

b6  
b7C

MORRIS LNU (believed to be in either the Taxi industry or the Metal Trade, a white male, 35-40, about 6', wears glasses, brown hair which is sparse and cut short. He wore a 3/4 length car coat brown in color and a flat tan cap)

There was no official chairman of this Caucus, however, [redacted] was the spokesman for this group. The following items were discussed on the agenda before this Caucus:

b6  
b7C

1. A lengthy discussion concerning the distribution and circulation of "The Worker" in the future and plans to effect these measures and the work to be done on the paper to improve all methods of its operation. Each member of this Miscellaneous Industrial Caucus will take this information to his respective Industrial Club and relate it to the members therein.

2. Tickets for the 40th Anniversary Celebration of "The Worker" to be held in March, 1964 was discussed by members of this Caucus. The price of admission will be 99¢.

[redacted] gave 20 tickets to this Celebration to [redacted] took a large number of these tickets because he is responsible for contacting many Industrial Clubs. [redacted] received many tickets for two Industrial Clubs which consist of the Metal and Builders Trade groups. All of the members in this Caucus received their tickets from [redacted]

b6  
b7C

3. A discussion concerning the distribution of "Political Affairs" determined that members of this Miscellaneous Industrial Club of the Party would obtain some "Political Affairs". Each member of this Caucus is responsible for some copies of "Political Affairs" and these will be taken to the members of the Industrial Club of the Party in the event a club member does not have a subscription to this publication and desires a copy at the time of a meeting of the Industrial Club. The price per copy of this publication is 35¢ and the subscription on a yearly basis is at a much lower rate. Each Industrial Club of the Party will be held responsible for the price of some "Political Affairs" and if these are not sold or used by the Industrial Clubs they will be charged for them and a subscription on a yearly basis amounts to approximately four or five dollars.

4. The agenda for the next meeting of this Caucus was discussed, however, it was never resolved because a conflict of opinions arose among members in attendance and [redacted] wanted the agenda at the next meeting to be a discussion on "Political Affairs" concerning Russia, newsworthy events occurring in that country and the ideological controversy which exist between the Soviet Union and Red China. The other members in this Caucus thought that the agenda for the next meeting should concern an up-to-date discussion on civil rights because this subject is of a most pressing issue. It will be necessary to understand the Party's position concerning civil rights if new people are to be recruited into the Party. The subject of Party recruitment was stressed by all members in this Caucus.

b6  
b7C

An Industrial Committee within the Trade Union Commission of the Party has been assigned and their meetings consist of discussion on which matters are to be brought up on the agenda in future meetings. This Industrial Committee within the Trade Union Commission of the Party consists of the following individuals:

b6  
b7C

An Industrial Committee member of the Party must be a member of the Trade Union Commission of the Party in order to serve on this Committee. Also, the Industrial Committee of the Party is responsible for the formation of an agenda for the Trade Union Commission of the Party which they will present at the next meeting of this Commission which will be held on 2/9/64, the place and time unknown.

The next meeting of the Miscellaneous Industrial Caucus of the Party will be held on 2/19/64, at Adelphi Hall, Manhattan, NY, in the same room at the same hour.

b6  
b7C

Each person at this meeting gave his viewpoint on [redacted] report and their ideas on automation and the shorter work week in their own locals. All agreed the shorter work week is the solution to automation and unemployment in their locals and the elimination of overtime would result in more employment in various industries.

b6  
b7C

JAMES TORMEY stated there were 32 clubs in the Party which the Trade Union Commission is responsible for and which covers many trades in industry.

All in attendance agreed that the next Trade Union Commission meeting would be held on March 15, 1964, the place and time not disclosed at this meeting.

On 2/3/64, a meeting of the Executive Committee of the Nationalities Club of the Communist Party was held in the residence of [redacted] NY, NY. This meeting started at approximately 8:00 p.m. and ended at about 10:30 p.m. Those observed in attendance were:

b6  
b7C

[redacted] (substituted for [redacted]  
[redacted])

The purpose of this meeting was to formulate an agenda for the meeting of the Nationalities Club of the CP to be held on 2/7/64, in the residence of [redacted]

b6  
b7C

The above individuals discussed the publication, "New Times". This publication is printed once a month by the CP. An article concerning KHRUSHCHEV's letter in 1963 to all countries and to Secretary of States setting forth his beliefs in small countries and their independence/ was discussed. This article emphasized the necessity of large countries not interfering in the internal affairs of the smaller nations of the world.

[redacted] spoke on financial matters especially the Sustaining Fund of this Club which will be collected at this Club's next meeting on 2/7/64 in the residence of [redacted]. She stated that money for this Club and its quota on a yearly basis would be collected at the 2/7/64 meeting. [redacted] collects both the sustaining fund money and the previously mentioned yearly fund finances and delivers these to the NY County of the CP. It was learned all CP members must contribute funds to these designated funds.

b6  
b7C

[redacted] stated that the Nationalities Club and its members would send an ad to the "Worker" in which greetings would be extended to this publication for its 40th Anniversary Celebration. The amount of this ad was stated as \$10.00 and members of the Nationalities Club would pay for this expense. The ads in this paper range from \$10.00, \$25.00, \$50.00, and \$100.00 ads and it is compulsory that all Party clubs take these ads.

b6  
b7C

Concerning the organizational structure of the Upper East Side Section, [ ] stated that hereafter there is going to be only two Party clubs in this area. [ ] stated that the Club chaired by [ ] would continue to operate as the Nationalities Club is at the present time. The only change in the organizational structure of this Upper East Side Section would be that the third club, the name of which was not disclosed by [ ], would be merged into [ ] club. [ ] stated that by the end of February, 1964, or the first of March, 1964, the NY County would merge this third club into the one chaired by [ ] would then take over as Club Organizer of the two Clubs in the Upper East Side Section of the Party. During this discussion, it was learned [ ] has a son who is currently in college and believed to be in his senior year. Through this merger, [ ] will be Club Organizer for the two clubs and this arrangement will make it easier for her to handle matters assigned to a Club Organizer.

b6  
b7C

[ ] also gave [ ] a booklet entitled, "Freedom Begins At Home" authored by ELIZABETH GURLEY FLYNN. [ ] gave [ ] several of these booklets and in addition about 12 handbills concerning a petition urging the enactment of legislation concerning a \$1.50 minimum wage law.

b6  
b7C

[ ] also gave [ ] a copy of, "La Nueva Voz". In the future, [ ] will sell this paper in her community and attempt to obtain subscriptions to this paper in her neighborhood area. This paper primarily concerns civil rights for Negroes and Puerto Ricans. It was felt that in canvassing for subscriptions to this paper a better understanding of civil rights would be grasped by the Puerto Rican population on the Upper East Side of Manhattan, NY.

b6  
b7C

The next Club meeting of the Nationalities Club would meet in the residence of [ ] on 2/7/64.

[redacted] on December 24, 1963, said that he has not seen any dues report forms other than those shown to him by GEORGE LEYERS last fall. b7D

With regard to analysis of above referenced New York letter to the Bureau dated December 3, 1963, above referenced Baltimore airtel to Bureau furnishes comment. [redacted] stated on December 10, 1963, and again on February 24, 1964, that he knew of no "Special Dues Address." During recent months GEORGE LEYERS, Communist Party (CP) District Chairman has increasingly emphasized the importance of dues to the "Center" and has commented that no dues were paid from 1960 through 1962. Baltimore letter of January 23, 1964, (referenced above) reflects a recruitment goal of 10 members for the District. b7D

Comments by Portland concerning the matters set out in referenced communications were delayed to permit [redacted] to determine, if possible, whether any new national form is being used by the Oregon CP in connection with membership, whether any new special or cover dues address for communication with the national organization was forthcoming or whether there had been any change in the method of recording dues payments. She has advised no information concerning any changes or relative to the form has come to her attention. Similar comment has been supplied by other reliable security informants who might most logically be expected to come into possession of such information.

Relative to the form described in referenced New York airtel, 10/17/63, [ ] has advised that this is a type of form which she normally might be expected to execute, but she pointed out that this did not preclude the possibility that another district official, possibly the state chairman, [ ] or the district literature director, [ ] might have received the form, filled it out, and returned it since the information desired in the form would be available to either.

b6  
b7C  
b7D

Portland will continue to be alert for any information concerning the appearance of this form in Oregon.

In its letter dated 12/3/63, New York called attention to page six, paragraph one, in connection with the "Report on Dues Situation" which indicated a special dues address. Contacts with [ ] and the other reliable informants have produced no information concerning any such cover address for communication with the national office. Again, [ ] is the one who [ ] New York. She has pointed out, however, that through special permission of the national leaders, Oregon has not been required to send any dues money to the national organization since early 1963 because of the poor financial condition of the Oregon organization. Consequently, no money has been sent in and no notice of special dues address has been brought to the attention of the informant.

b7D

Referenced Bureau letter of 12/12/63 asked for an analysis of the recruiting and membership data set out in New York letter of 12/3/63. It should first be noted that page three of New York letter sets out the various denominations of dues payments for the individual districts. Attention is called to the fact that there are no statistics set out whatsoever for Oregon. This is probably explained by the fact, as described above, that Oregon has not been required to send any dues payments of any kind to New York for more than a year.

Concerning the number of dues payments over the years since 1960, all of which period [ ]

b7D

PD 100-3952-Sub 11

this informant has pointed out that figures as to the number of dues payments received are usually inaccurate and of little value in determining membership. She explained, for instance, that members frequently fall behind in the payments of their dues, sometimes by several months, then perhaps will pay them up all at once or will try to catch up a few months at a time while others upon occasion may pay a month or two in advance. This leads to confusing figures as to dues payments in relation to number of members.

On 12/6/62, [ ] advised that during December the state board had tried to analyze the dues and sustainer payments to determine what the income from each club should be if all members were making the required payments. Even the state board was unable to reach any conclusion other than that receipts were running below what they should be. b7D

On 1/23/63, [ ] said that the leadership had made a further detailed study of funds on 1/19/63 in an effort to alleviate the poor financial state and this study had revealed that an average of only twenty-seven Party members were regularly paying their dues each month. It is believed that dues of fifty cents a month constituted the largest group. b7D

[ ] said on 2/28/63 that a further study on 2/27/63 had determined that the dues for 1962 had totaled approximately \$207. It had been decided that dues and sustainer payments from all clubs, except youth, should be a minimum of \$30 per month, which would mean an increase from each member. b7D

It was at a financial meeting of Oregon leaders on 2/27/63 that [ ] member of the state board, had reported that BURT NELSON, chairman Northwest District CP, Seattle, Washington, had attended a Party meeting in New York, apparently recently, and discussed Oregon's poor financial condition with the national leaders. [ ] said on 3/5/63 that at this meeting, [ ] said that it had been decided that the Party in Oregon should keep all its b6 b7C b7D

FD 100-3952-Sub 11

funds and no dues or sustainer money should be sent to the national organization until further notice. The only funds leaving the state should be those for literature. According to [ ] this policy has been followed since that date and no dues money is being sent through the state organization to New York. b7D

Relative to recruiting, the figures set out on page two of New York letter of 12/3/63, are somewhat at variance with those available in Portland files. The figure of two for the year of 1960 appears to conform since [ ] advised that at a state committee meeting on 7/17/60, the Youth Club of the Party reported two new members. This was the only recruiting reported until 1962 when four new members were reported by the Party although one possibly was duplicated. The recruiting figures in the New York letter for 1963 indicate four for Oregon, but information available to Portland indicates that sixteen new members were either recruited or reactivated during 1963. b7D

The Portland Division will continue to be alert for all information concerning Party membership figures and for any instructions by the national organization relative to the reporting thereof.

From the period 2/11/64 through 2/21/64, informant  
accompanied [redacted] and [redacted] on a Party  
trip throughout Northern Minnesota and North Dakota. The  
trip was made in [redacted] automobile. [redacted] is Chairman of  
the Minnesota-Dakotas District of the CP and [redacted]  
a 22 year old single female, is a person who was recently  
recruited into the CP. The prime purpose of [redacted] trip  
was to sign up CP members, collect CP dues, set up rural  
Party branches and sell "Worker" subscriptions.

b6  
b7C

[redacted] made the trip upon instructions from  
[redacted], Youth Director of this CP District. Her  
primary task was to contact youth and obtain their signatures

late June, 1964 (detailed information concerning this aspect is being furnished by separate communication to the Bureau and the Chicago Office).

All individuals whose names appeared on the aforementioned list were required to pay 50 cents.

[redacted] was also to sell subscriptions to "New Horizons."

b6  
b7C

[redacted] Party youth work fell far short of its mark primarily due to her incompetency. Her Party work was also to take her into the State of Montana. She was to conduct such Party work alone upon arriving Minot, North Dakota.

While alone on her first night in Minot, she was arrested by members of the Minot PD on a vagrancy charge after she voluntarily appeared at the police station requesting a place to lodge. Material in her possession was photographed by Minot PD and made available to the Minneapolis Office. The next day following her arrest, she was picked up by [redacted] and other North Dakota Party members and sent alone by train to return to her home in Minneapolis.

b6  
b7C

Informant previously advised that according to information obtained from GUS HALL and [redacted] in June, 1963, there were no dues paying members of the CP in North Dakota and South Dakota. During this particular trip, [redacted] personally contacted approximately 40 North Dakota residents.

b6  
b7C

He set up two CP branches, one in the Williston, North Dakota, area and the other at Bergen, North Dakota. He signed up and collected CP dues from 11 individuals, all identified. A total of eight more individuals, all identified, expressed a desire to join the CP and will pay dues later to the heads of the two aforementioned newly created Party branches.

In addition to these, instructions were left with the heads of these two Party branches to recruit and collect

MP 100-1878-V

CP dues from other unidentified individuals whom they feel would be interested.

[ ] explained that dues would be 50 cents a month per member and that instructions would be furnished later on how to transmit Party dues to headquarters in Minneapolis for eventual transmittal to New York.

b6  
b7C

On or about 3/8/64, [ ] is to return to North Dakota to set up a Party club in the Forbes, North Dakota, area, which will service the South and Southeastern section of North Dakota. Similar Party trip by [ ] is to take place sometime during the summer of 1964 *IN SOUTH DAKOTA.*

b6  
b7C

[ ] also set up a rural Party branch in Northern Minnesota, which is to service 14 Party members residing there and which may serve as many as 20 in the near future. Informant will be working closely with [ ] relative to this Party branch. [ ] also mentioned on this trip that there are 15 CP members in the Duluth-Superior branch and boasted that about five new youth were recently recruited into the CP and mentioned there are 32 members in three clubs located in the City of Minneapolis.

b6  
b7C

Source was unable to explain why [ ] mentioned 32 members in three Minneapolis clubs as it is known to this source that there are other clubs and other members in the City of Minneapolis.

On January 2, 1964, [REDACTED] furnished SA ROBERT C. NORTON a CP, USA, news release dated November 27, 1963. GEORGE MEYERS gave it to [REDACTED] December 26, 1964.

The news release which concerned President JOHNSON's speech to a joint session of Congress is being retained in [REDACTED].

On January 2-, 1964, [REDACTED] furnished SA ROBERT C. NORTON a copy of the "Trade Union Press #20 October 1963." GEORGE MEYERS gave it to JACOB GREEN 12/26/64.

b7D

The document is being retained in [REDACTED].

The text of the informant's statement is as follows:

[redacted]

" Baltimore, Maryland  
December 30, 1963

b6  
b7C  
b7D

" On December 25, 1963, GEORGE MEYERS, Chairman of the Maryland - D. C. Communist Party (CP) District, telephoned [redacted] CP District Organizer, at about 6:00 p.m. and made arrangements to meet [redacted] the following day at about 3:00 p.m.

b6  
b7C

On December 26, 1963, [redacted] after leaving his place of employment at the Southern Hotel in Baltimore, Maryland, at 3:00 p.m., met MEYERS and got into the latter's automobile.

[redacted] told MEYERS that he had just been talking with [redacted] who on December 20, 1963, had agreed to print up leaflets to be distributed announcing the coming visit of BEN DAVIS, CP National leader, to the Baltimore area, on January 17, 1964. [redacted] said that [redacted] had said that 1,000 leaflets would be ready the following Saturday morning.

b6  
b7C

MEYERS then said that he had been trying to contact [redacted] and would like to see him the following morning at about 8:30 a.m. MEYERS said he had to make up an article for "The Worker" on his recent trip to Kentucky and wanted some information from [redacted] who had accompanied MEYERS on the Kentucky trip.

b6  
b7C

[redacted] then said that he would contact [redacted] and have him call MEYERS.

b6  
b7C

[redacted] then said that he wanted to telephone SAM SCHMERLER, CP Club Chairman, concerning distribution of the BEN DAVIS leaflets. [redacted] then left the car, called [redacted], and made arrangements to meet with [redacted] the following Saturday afternoon.

After [redacted] returned to the car, MEYERS gave [redacted] a large photograph of GUS HALL, CP General Secretary, which he said was a present from HALL to [redacted]

b6  
b7C

MEYERS also gave [redacted] some post cards put out by a CP

[ ]

youth organization addressed to Congressmen which concerned jobs for youth.

MEYERS then commented that the last CP National meetings in New York which took place the previous weekend had been very difficult. MEYERS said that District Chairmen in various areas were present and HALL talked with them about the situation in their various Districts.

MEYERS said that HALL was getting ready to make a positive move but was having an uphill struggle with some CP National leaders in New York as well as local CP leaders in New York.

MEYERS said he had talked with HALL about [ ] becoming the District Chairman for Maryland but did not talk to BEN DAVIS or ELIZABETH GURLEY FLYNN on this matter since he felt that HALL should consider it first.

b6  
b7C

MEYERS said that HALL stated that he thought highly of [ ] and was 100 per cent for [ ] taking over the District of Maryland. MEYERS then added that [ ] would have to go to New York to discuss District matters with HALL, DAVIS and ELIZABETH GURLEY FLYNN.

b6  
b7C

MEYERS then said that on January 3, 1964, he would propose that [ ] become the chairman when they have their District Administrative body meeting.

b6  
b7C

MEYERS then said that he would have to decide who was to be the chairman in Washington, D. C. and in Virginia. MEYERS said that [ ] would be working with the District Chairmen in those areas.

b6  
b7C

MEYERS stated that in the Spring he would be making trips deep in the Southern U. S. and as a matter of fact would be on the way to Texas by that time. MEYERS said he would start making trips to the South after the first of the year, possibly beginning in South Carolina since there was nothing in Georgia.

MEYERS then commented that there was a Party re-established in Western Virginia. He then added that a person there was representing the Party.

[ ] then asked whether MEYERS would be the over-all

b6  
b7C

[redacted]

supervisor. MEYERS said that if [redacted] were the District Chairman in Maryland, he would not have a supervisor over him.

b6  
b7C  
b7D

[redacted] then stated that as he understood it, MEYERS would be making contacts all over the South and be responsible for the South. MEYERS agreed. [redacted] then continued that he would like to keep meeting with MEYERS on District matters. MEYERS said that this would be done.

b6  
b7C

MEYERS then said that the MCDR would be one of [redacted] responsibilities but he, MEYERS, would continue to handle it for a while since [redacted] CP member, was apprehensive that [redacted] was trying to drive him out of the CP. [redacted] then commented that [redacted] was merely stupid and [redacted] was just trying to get him to become active.

b6  
b7C

MEYERS said that he agreed that [redacted] was stupid and added that if [redacted] did not do a better job with the New Era Book Shop he would be out of the CP in the future.

b6  
b7C

MEYERS then asked what [redacted] thought about the MCDR. [redacted] said that [redacted], one of the officers of the MCDR, seemed very shaken when [redacted] suggested that he meet with her. [redacted] added that [redacted] claimed that she had no knowledge of a CP social affair to be held December 28, 1963, to raise money for the MCDR. [redacted] said that he couldn't understand this since [redacted] was on the Executive Board of the MCDR.

b6  
b7C

MEYERS then said that it might be best for [redacted] to take over the MCDR and lead it himself.

b6  
b7C

MEYERS then said that if [redacted] contacted [redacted] before December 28, 1963, he should try to persuade [redacted] to show films that [redacted] had taken on the trip to Kentucky with MEYERS at the December 28, 1963, social affair.

MEYERS again stressed the importance of [redacted] taking over the running of the MCDR. MEYERS said that the MCDR could be very important in the fight against the McCarran Act, particularly since the Appellate Court decision outlined the registration clause of the MC CARRAN ACT.

b6  
b7C

MEYERS said in New York the previous weekend at National

[ ]

meetings there had been discussion about such contacts as the MCDR distributing literature protesting the McCarran Act and having petitions put out to the public for the purpose of obtaining signatures, the petitions to request the Attorney General of the United States to outlaw both the McCarran Act and the Smith Act. MEYERS said that GUS HALL was anxious for a National drive with regard to this.

[ ] then told MEYERS of his, [ ] recent contacts with former CP members.

MEYERS then stated that he had recently talked with HERB HALL and that HALL had said that he was not on good terms with [ ] because they had differences many years earlier when both were in the National Maritime Union.

b6  
b7C

MEYERS then said that [ ] and his wife were separated and [ ] was running around with young girls about the same age as his daughter. MEYERS said that he doubted whether [ ] or [ ] would ever become CP members. MEYERS said that [ ] had a brother who was on the City Police Department. He parked the car and walked to Bickford's Restaurant on Howard Street, Baltimore, Maryland. Inside the restaurant MEYERS said that BEN DAVIS had met PAUL ROBESON, SR., at the airport recently when ROBESON had arrived from the Soviet Union. MEYERS said that ROBESON was a touchy question in New York and a number of people felt that ROBESON had made a mistake in staying in the Soviet Union for five years.

b6  
b7C

MEYERS said he had asked GUS HALL why ROBESON had returned to the U. S. but HALL would not tell him.

MEYERS said there was some indications that ROBESON had lost the respect of Negro leaders in the U. S.

[ ] said that he heard that ROBESON had renewed his passport and had filled out some forms, the type of which that he had refused to fill out on previous occasions. [ ] asked if this was any indication that ROBESON had changed his feeling about the Soviet Union. MEYERS said

b6  
b7C

[REDACTED]

he did not know.

MEYERS commented that BEN DAVIS was acting up and not fulfilling his responsibilities as National Secretary of the CP. MEYERS said there was a campaign going on in National leadership to make DAVIS produce or cause him to resign from his job as National Secretary.

MEYERS said he had talked to DAVIS the previous weekend about the Negro CP membership in New York and learned from DAVIS that the Negro membership there was "shot to hell."

They then walked to the New Era Book Shop and after talking briefly with [REDACTED] CP member, parted at about 4:45 p.m.

In his introduction, JOE BRANDT stated that DAVE SCHACHAR is the new circulation manager for New York.

DANNY RUBIN spoke on youth in this country and the problems that confront them such as education, employment etc.

RUBIN further stated that membership in the Communist Party has increased to fifty per cent among the youth.

DANNY RUBIN attributed this increase to that fact that communists are no longer banned from speaking on college campuses.

According to RUBIN a new youth organization is being formed and will become active in the summer. The name of the organization was not mentioned.

RUBIN suggested that those present send a copy of The Worker to a young person that they know.

RUBIN further suggested that those present also take out a subscription for a young person for the following publications.

1. Communist Viewpoint - Written by Communists and aimed primarily at the youth.
2. New Horizons - This is a non-communist publication but is progressive in outlook.

The rest of the meeting dealt with the final preparations for the 40th Anniversary Celebration of The Worker.

3/26/64

On 3/25/64, a meeting of the Nationalities Club of the CP was held in the residence of [REDACTED], NY, NY. This meeting began about 8:00 p.m. and ended at approximately 11:00 p.m.; those in attendance were:

b6  
b7C

[REDACTED] was not present at this meeting because he was too busy working at his place of employment while his boss is on vacation.

b6  
b7C

[REDACTED] was the Chairwoman of this meeting. The agenda consisted of discussions on civil rights, the second school boycott, and recruitment of new members into this Club.

b6  
b7C

[REDACTED] was dismayed by the lack of action that was taken in Albany, NY, concerning the \$1.50 minimum wage law and civil rights. She urged that this Club draw up a draft upon which signatures would be affixed through canvassing by members of this Club. The purpose of this draft would be to obtain signatures and addresses of the public who are interested in promoting civil rights in the State of NY.

b6  
b7C

[REDACTED] stated that this course of action would be taken until the State legislators in Albany, NY, work on the civil rights program within the State of NY. She criticized Governor ROCKEFELLER by finding fault with his program for increasing civil rights throughout the State and to enact legislation along these lines. [REDACTED] also urged that each Club member submit letters to Albany urging immediate legislation be enacted for civil rights and a statement placed in the letters that if Governor ROCKEFELLER expects to be elected President of the US and wants votes by his voters he should take heed of this legislation which is being requested by those submitting letters.

3 . . .  
[ ] stated that instructions and comments were received from the NY County of the Party concerning the second school boycott. The County officials of the Party stated that the second boycott of the schools in NYC was not a fizzle and 300,000 children stayed away from school.

b6  
b7C

[ ] stated that this boycott demonstration was not a failure and that many demonstrators did not go to the Bedford Stuyvesant area or Harlem school districts because of the "ultra right". She stated that the poor attendance at the second boycott and the reason for many children remaining in school was the fact that the "ultra right" groups were telling people to join them and requiring busing for children who were remaining out of school. These "ultra right" groups of demonstrators do not want children to be transported from their communities to schools located a remote distance and that these elements don't want busing and do not want integration within the schools.

[ ] stated that these groups are underhanded in their tactics and methods and are misinforming the public concerning school integration within NYC. The Party's main objective and immediate task is to fight against the "ultra right" groups and to discover what strategy is to be employed by these groups of demonstrators.

The next subject on the agenda taken up by [ ] was recruitment of new members into this Club. [ ] stated that the members should feel free to recruit new members into this Club especially members who have friends in their neighborhoods who could be counted upon to be trusted and worthy of becoming a member of the Party in this Club. [ ] had received instructions concerning the freedom to recruit new members into this Club from the County of the Party.

b6  
b7C

[ ] sold literature to those in attendance at this meeting. A book was sold by [ ] the title and its author not recalled, however, [ ] ordered two copies. [ ] sold "Political Affairs" and "New Times".

b6  
b7C

The next meeting of this Club will be held in the residence of [ ] on 4/11/64.

[ ] distributed a circular to those in attendance at this meeting. This circular announced that SANE would hold its 1964 Memorial Vigil and United Easter-Passover Peace Walk and Rally on 3/28/64. She urged all in attendance to attend this Peace Walk and Rally. This Peace Walk and Rally concerns peace in Viet Nam and war on poverty. This rally will be held in Washington Square in Manhattan and will begin from 5th Ave. and 25th St. at 11:30 a.m. on 3/28/64 and end at 2:00 p.m. on 3/28/64.

From the Party. In April 1953, Hsiao was reported back to the Chinese Government and the Chinese Communist Party (CCP), then, for reporting the Red Chinese position in the Sino-Soviet ideological dispute. Since that time in the past, Hsiao has been on the Chinese side in the context of the ideological dispute between the Chinese Party and Communist Party since that time.

Hsiao has been attempting to bring Hsiao to the support of his position that the Red Chinese position with the CCP in mind of maintaining a Red Chinese position will support the ideological point of view of the Red Chinese. Hsiao tried to bring this group in about September 1954.

In view of the above, the U.S. Government is going to advise Hsiao by letter to appear before the U.S. on charges of anti-party activity and it is expected that Hsiao will be taken to court and then the Party.

PH 548-S\*, who has furnished reliable information in the past, on 5/22/64 advised SE RAYMOND J. BOTT as follows:

On 5/22/64, FRANCES GABOW, THOMAS NABRIED, and HYMAN LUMER met informally at 1345 West Susquehanna Avenue, Philadelphia, Pa.

GABOW showed LUMER a financial report which she had prepared, and described it as a "six months picture," but said that it was by no means complete.

In regard to subscriptions, FRANCES pointed out that her report on the subs was not very complete. LUMER

asked her whether her report contained enough information to look over. GABOW replied that it did, and apparently let him look at the report.

In regard to membership, GABOW had a report on this, too. LUMER asked for a copy of the membership report, and GABOW offered to furnish him one.

GABOW told LUMER that a (CPEPD) Conference had been set for 6/17/64. LUMER felt that a specific meeting should be held by each club, and that a designated person should discuss the agenda and activity with every club in preparation for the conference.

With respect to ideology and the clubs, GABOW pointed out that at a meeting she had attended the other night (probably Oxford Circle Group, judging from comments made by her), the question of ideology shocked the members, and they did not really examine it. NABRIED commented that what they need is a good shock. GABOW said that every time the Oxford Circle Group gets depressed, they stop doing things.

FRANCES then discussed the Germantown area, stating that when one of the District Officers is present at a club meeting, they all look for something to do, but as soon as a District official walks out, they forget all about it. NABRIED commented that there have been no subs whatsoever come in from this club; however, they will raise some money.

The above is for the information of the New York Office.

On 9/29/64, NY 2359-S\* advised that HY LUMER had a discussion with a reporter from the "New York Times" at CP Headquarters, NYC, on that date.

The reporter asked LUMER whether the CPUSA considers itself a part of the Soviet Union. LUMER replied that the CPUSA does not consider the Soviet Union a parent ~~country~~, but pursues its own views in trying to establish socialism in the United States. He defined socialism as industry, as a whole, being publicly owned. He remarked "We would outlaw the right to make profit."

In reply to a question about schools, LUMER said there is a Marxist school in New York called the Marxist School of Studies "that's the only Marxist school that I know of in New York."

The reporter asked LUMER about membership and lists of members. LUMER answered that lists of members are not kept "and we say that we have in the neighborhood of 10,000 members."
